

TAI 報 POST

MONTHLY BULLETIN OF ROTARY CLUB OF TAI PO

OCTOBER 2022

PRESIDENT'S MESSAGE

DANNY LAU

Dear Fellow Rotarians,

We are surrounded by great news for the past few weeks! First of all, congratulations to PP Sally Luk on the Grand Opening of her clinic at Mira Place, TST! Many Rotarians came to this Grand Opening on 8 October to celebrate with Sally on this important step in her career. We are thrilled! On 24 September, we witnessed another important life event of our fellow Rotarian Gabriel – who got married to his lovely wife, Raina. Our best wishes go to the newlywed!

25 September is also a meaningful and insightful day as we had our “Serve & Celebrate” Party organized by Team 3. The “Serve & Celebrate” took place at Dignity Kitchen Hong Kong 香港厨尊 which is a famous social enterprise with a view to empowering the disadvantaged through culinary training on delicious Singaporean cuisine. On the event day, we started off by packing and distributing Bento boxes to the underprivileged, followed by a tour around the spacious Dignity Kitchen, which is located on Shanghai Street, Mongkok. Just when you think the food served in a social enterprise would have no surprise in taste and all, the Buffet Lunch

offered there will prove you wrong. The Hainan Chicken (海南雞), laksa (叻沙) and even kopi (南洋咖啡) were all Singaporean delicacies and they were delightful additions to this birthday celebration cum service event.

More service events for the coming few weeks: the Rotary End Polio Walkathon on 22 October will take place in Cyberport in continuing the efforts to eradicate the polio disease. On 27 October, we will have a thank you dinner for the service partners. More physical events coming up soon. Stay tuned!

Cheers!

Danny

EDITOR SAYS

CLAIRE MAK

I celebrated my birthday last month (and so did quite a number of Tai Po Rotarians) and had the occasions of catching up with a few good friends. A couple of them who are about my age or maybe slightly older, said that they recently feel lost from time to time. They said there appears a lot for them to do and they in fact are doing quite a lot; but as they busy themselves with this, that and what not, they query why they do what they are doing. That's when I almost blurted out, "Friend, is this your midlife crisis?"

When exactly is "middle age"? Since having reached my 30s, I often read about people saying "40s is the new 30s" and new terms like "kidult" which combines 'kid' and 'adult' to provide a stylish name (or excuse) for those who are not growing up or who do not wish to grow up. To tell others "I am a kidult" seems to explain all actions or justify all inactions.

I'm almost 40
but I still feel
like I'm 20...

Until I hang out with
some 20 year olds.
Then I'm like no, never
mind, I'm 40.

However, the kidult in those days have reached late 50s and over; and the same group of people now call themselves "young old". I guess that's a tactic to delay aging - or so they thought. Even with all such terms and descriptions, one can only call a spade a spade; so that when the time comes and your body sends signals of aging, you just have to admit that you have aged. Our knowledgeable Prof. Dr. C M Yu had been called to tend to a number of our members, and some not only once. C M's wife Dr. Joan Ng also advised members and spouses on eye problems mostly as a result of degeneration. Former members like orthopaedic surgeon Dr. Patrick Yung and physiotherapist Gorman Ngai were also often consulted and asked to help. Aren't these incidents very telling already? (By the way, congratulations to our surgeon Dr. Sally Luk having started her private practice.)

Moreover, seeing members' kids growing to be fine adults is the real Mirror Mirror on the Wall. When Natalie's Elizabeth turns from the little squealing kid running around to a graceful fine young lady; Wanda no longer worrying about pigtail Chloe's getting into which profession but how she now works and flourishes in the business of graphic design; Frankie and

Creamy's Kam Tung having given birth to their grandson Enzo; K F's missing his daughter Chloe's graduation from university; Kenneth visiting son Dr. John in Australia Who can seriously continue to brandish about staying young and not aging.

The reason why there is a crisis in middle age is probably because the body and the mind attempt a last struggle against the emotional distress, if it can be so called, caused by passing youth - before eventually admitting to getting old. In time to come, I suppose one will find a way to reconcile the discrepancies between facts and imaginations; and everyone will find his/her unique answer to the crisis. It is just a question of how soon or how long it takes.

Rotarian shares memories of the Queen

From Rotary Great Britain & Ireland website Sep. 2022

ROTARY INFORMATION

PETER LAM

London Rotarian Judith Diment has met the Royal Family a number of times as Rotary's representative to the Commonwealth. Here Judith reflects on the life and times of Queen Elizabeth II.

Her Majesty Queen Elizabeth has been a steadfast, inspirational presence throughout my entire life.

I remember the day Her Majesty acceded the throne in 1952 on the death of her father George VI. As I was leaving my primary school in Gilwern in Breconshire, Wales I saw a billboard outside the newsagents saying KING DEAD – it was so stark, so unexpected and so sad.

A year later, I watched the new Queen's coronation at my aunt's house on a 12-inch black and white television and later on Pathe News in colour at the cinema in Abergavenny, the images indelibly imprinted in my memory but never dreaming that one day I would meet her.

In 1981, I was working at the Natural History Museum in London and had the privilege of meeting HM The Queen and The Duke of Edinburgh who were there to celebrate the museum's centenary.

In 2004, I joined the Rotary Club of Windsor St George where the Duke of Edinburgh was an Honorary member and I met the Duke many times. In 2012, the year of The Queen's Diamond Jubilee, I was asked by the Windsor & Eton Society to help organise a fitting memorial in Windsor which was supported by Windsor Rotary clubs. (Judith became 2012-13 District 1090 Governor and transferred to the Rotary Club of Maidenhead Thames in 2016)

In October of that year, The Queen unveiled the sculpture in Windsor's King Edward Court and I met her again. The Queen was delighted with the sculpture and it has become a focal point for photos for visitors to Windsor.

In 2013, I was appointed Rotary Representative to the Commonwealth and every year since, on Commonwealth Day, I have been privileged to attend the Commonwealth Day Reception, attended by HM The Queen, the Duke of Edinburgh and, in recent years, by King Charles III.

Rotary International recognised Her Majesty The Queen in December 2013 with the Rotary International Award of Honour to celebrate the 60th anniversary of her Coronation. I took the award to Buckingham Palace with Rotary International Director, Mike Webb, on behalf of Rotary International President Ron Burton.

Her Majesty The Queen, who graciously accepted the prestigious honour, has been a supporter of Rotary's polio eradication and humanitarian programmes. She sent her good wishes for the year ahead to all Rotary club members in Great Britain and Ireland and throughout the Commonwealth and applauded Rotary for its polio eradication program and advocacy efforts.

In fact, in June 2022, then HRH Prince Charles (now King Charles III) was also presented with this Rotary Award of Honour by 2021-22 RI President Shekhar Mehta in recognition of his longstanding focus on nature-based solutions to address the climate crisis.

FLASHBACK

A look back of our club's past activities by topic

ROTARACT CLUB OF TAI PO
INSTALLATION

2018

Scarlet Li took over as President from Gary Yeung at their installation on Sep. 2018 at HK Productivity Centre. A Professional Development talk by representative of HK Seeing Eye Dog Services with the presence of guide dog Toffee followed the ceremony.

2019

2019-20 President KF Tam and several of us were there to witness Henry Yau installed as President of our Rotaract Club at a venue in Central on Sep. 2019. Wu Yee Sun Rotaractors joined us too!

2015

Gabriel Kwan took over presidency from Tony Luk at their installation on Sep. 2015 in Royal Plaza Hotel. Aren't we glad and proud of Gabriel who had since joined our Satellite Club as CP and is now a married man who will become our club future leader!

2017

2017-18 President Roger So, Youth Chair Wilson Woo and our 2 PDGs at their installation at InnoCentre, Kowloon Tong when Gary Yeung took over as President from Maxine Cheung.

2012

Rotarians and Rotaractors from our Club and the District turned up in good numbers to support our Rotaract Club of Tai Po's installation at KCC in Sept. 2010 when Goldi Mak became President during Frankie's year as President. IPP Wilson Woo and our senior members should recognize our strong youth team, familiar faces like Jodhy Mak, James Cheng (both doctors), Stanley Siu, Sheena Cheng (ambassadorial scholar) Alan Yip (successful IT entrepreneur) and Alex Fan (now Police Chief Inspector)

Serve & Celebrate

25 September 2022

Claire Mak

September boasts the most birthday boys and girls in RCTP and there used to be special celebrations in years past. This time, Team 3 wishes to not only continue with the tradition but also combining service with fellowship as we celebrate the natal day. The result is a meaningful and enjoyable "Serve & Celebrate" event on Sunday 25th September 2022 at Dignity Kitchen.

Dignity Kitchen is situated at Second floor, 618 Shanghai Street, Mongkok. The building itself is a revitalised mall on a strip of tong lau which had been painstakingly restored with modern additions. Dignity Kitchen aims to infuse and restore dignity to those differently-abled and disadvantaged through skills training, job placement and integration.

8 young volunteers led the start of the service event. They washed hands and put on hair nets before sharing the work of scooping rice, adding in cooked meat & vegetable, and placing lids onto bento boxes. Together, they had packed a total of 170 bento boxes. 70 of those boxes were then distributed to those in need who lined up right underneath the building at Shanghai Street. The rest of the bento boxes were boxed up and transported to be given out to the underprivileged/low-income families in Tai Kok Tsui.

The majority of our members and families and Wu Yee Sun Rotaractors arrived around noon time and were given a guided tour of Dignity Kitchen, one group being led by visually impaired Ming; and the other by their Assistant GM Ryan. We witnessed how the SEN students/workers were engaged to host food stalls, prepare food and drinks; and the special tools/installations given to assist them in discharging their work. Along the way, we noticed numerous praises and notes of encouragements stuck to the walls and windows of the venue.

Then came the celebrations. Not only did we wish September birthday boys and girls many happy returns, we also celebrated with Natalie and Lawso their wedding anniversary which falls on 25 September! We had two Pandan Cakes with which to blow candles and cut in unison.

Then buffet lunch of SE Asian food was served: rojak, samosa, spring roll, Hainanese Chicken, curry beef brisket, curry vegetables, shrimp laksa ... Nanyang coffee/tea ... and of course pandan cake. Some members could not resist the food stall temptation and additionally bought ka yang toast, pakutei ... etc. to try out.

After a full meal, it was time for a couple of games to work off the extra calories. IPP Wilson designed 2 games: "Flying Planes" and "Clap 7". They are easy games to play (at least it's not as mentally demanding as Wilson-styled BINGO) and elicited a lot of laughter. Before we dispersed, every participant got a pack of Dignity Kitchen cookies. Sweet!

Team 3 (leader IPP Wilson, PDG Anthony, PP Claire and Rtn. Sincere) hopes everyone gets something positive out of this event and once again, happy birthday September birthday boys and girls!

Modern Day English

Dr. Ronald Chung

When **PP** Claire asked me to write an article for **RCTP**, “I oblige”. Now in this sentence, everyone in our group knows what PP and RCTP refers to.

Now a test to the long time Tai Post supporters (yes, being in education business, one of our skill is to test what people have read). What does **JK** mean in Japanese? (Hint: **PP** Peter’s article on school uniform, May 2022 issue, circa, p. 6.) For those of you who cannot recall, **pls** help the red box in your next meeting, think four way test... **thx**.

In the (good?) old days, we were trained to write properly (and we have quite a few good “old” English writers in our club, with **CP** Donald and **PDG** Anthony taking the lead), when articles were drafted and rewritten, and re-drafted and re-written before being shared with the readers. Not so much in today’s world. Messages were tapped into computer or cell phone (virtual) keyboards and you hit the send key as soon as you finished typing (eh... tapping, actually). Moreover (anyone still uses this word?), the body of the message is filled with

“words” that most of our club members may not understand (or have seen before). And for those who want to brush up on Kids’ English after reading CP Donald’s forwarded message on Oldies’ Texting Codes (7th October), I thought, to help bring the club up to date, I shall research the internet a bit and get us some new vocabularies (apparently, getting a reasonable collection of these vocabularies is not that easy a task).

Let’s start with probably among the first ever... **SOS**: do you know not what it means, but what it stands for? Apparently, Save Our Ship

Most of us probably know (have used) the followings (alphabetically)

| | | | |
|------------|----------------------------|-------------|---|
| BRB | Be Right Back | OMG | OH MY GOD |
| BTW | By the way | TBC | this has been used even in our club’s own PowerPoint... to be confirmed |
| GTG | Got to Go | THX | I just used this above (thanks) |
| LOL | Laugh out Loud | TTYL | Talk to you later |
| OIC | (like it sounds) Oh, I See | | |

You might have come across these ones as well.

| | |
|------------|---|
| BFF | Best Friends Forever (or in Rotary terms... “Be A Friend”?) |
|------------|---|

For the old Rotarians...,

| | |
|--------------|--|
| ICYMI | In case you missed it... “Be A Friend” was the Rotary International theme for 1994 – 95. |
|--------------|--|

For the new Rotarians..., that would be close to before you were born, so your response would likely be...

| | |
|------------|--------------|
| IDK | I don’t know |
|------------|--------------|

Either way, it's

| | |
|------------|------------|
| NP | no problem |
| PPL | people |

xoxo

kisses and hugs

Then, there are the more challenging ones

WDYM

What do you mean?

How about...

| | |
|--------------|---|
| AFK | away from keyboard? |
| AFAIK | as far as I know, AFK got popular since covid and zoom... |

And ladies and gentlemen,

| | |
|-------------|---|
| IMHO | in my humble opinion, that's what's happening today |
| IRL | In real life |

If your reaction to the above has...

ORLY

Oh really

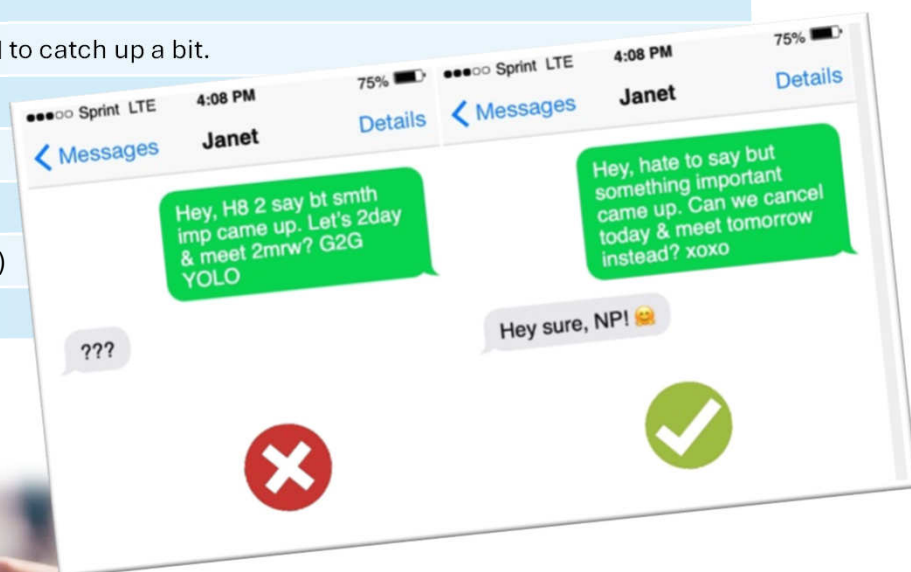

I would

SMH

shake my head

My advice to you would be...

| | |
|--------------|--|
| SRSLY | seriously |
| TBH | To be honest, you probably need to catch up a bit. |
| WDYT | What do you think? |
| HTH | hope this helps |
| LMK | Let me know |
| SYS | see you soon (used in snap chat) |
| SWAK | Sealed with a kiss |

Imagine the good old days of having the typing pool to type messages?

Church Wedding of Raina & Gabriel

24 September 2022

Claire Mak

Gabriel has given RCTP reasons to be grateful. Ever since joining our club and thus turning a Rotarian, Gabriel brings in the following merits. He brings down our average age substantially, he provides us a potential choice of PE and recently, he did a marriage blessing ceremony at St. Teresa's Church.

It was a sunny Saturday on 24 September 2022 and Tai Po Rotarians inclusive of CP Donald, PDG Anthony and Mary, CDS Natalie, DT Louis, Pres. Danny, PPs Peter, Claire, Vikky, IPP Wilson ... etc gathered to celebrate the church wedding of Gabriel and Raina. Also present were Rotaractors (Gabriel's brother) Pres. Dominic, PP Henry Yau and PE Katherine So, and our Satellite Club member Gary Yeung and son baby Isaac.

The graceful bride was brought down the aisle by her father and handed over to a cheery Gabriel. Rev. Ngai performed a lively ceremony and there were choir singing and bible reading. After the lovely couple had exchanged marriage vows, they put rings on each other and signed the agreement to seal their nuptial commitment. The couple then each shared their heartfelt gratitude to family and friends before being ushered out of the church premises for the long-awaited taking of group photos. Congratulations Gabriel and Raina!

Ole! Ole! Ole! Spanish Night

8 October 2022

KF Tam

After attending the grand opening of DAG Sally's clinic, most of our members joined our team building activities at the Spanish restaurant nearby, EL CID at Knutsford Terrace where we booked for dinner fellowship event at night. Organising the fellowship event in October was taken up by Team 5 as appointed by our fellowship director, PP Armstrong. Team 5 members consists of CDS Natalie, DAG Sally, CM and me.

Team Building

For the team building event, I facilitated participating members to draw one part of another member's face, then passed the drawing to another member sitting at the right hand side to draw more, passed on to another for drawing again until completion of the whole picture. So the picture of each member was drawn by the group of members collectively.

Even though some pictures deviated from the actual look, I'd say it is the image of how the members saw you and should be accepted.

Finally we encouraged members of the group to give some critical feedbacks to the members by writing on the back of the pictures; and these created a lot of touching moments when all members had to share with us the most impactful comment that they have received. This event ended with joy and laughter and the members had more understanding of one another.

Dinner was Served

Following the team building event, the Spanish Dinner started at 7:00pm with around 20 members participating. CDS Natalie selected the good food and we enjoyed very much with the good wine brought to the venue.

The dinner was not only entertaining but also educational. PP Louis was invited to be the speaker on the Investment and Current Financial market. We only assigned to him 15 minutes; but as usual, he spoke double of the time allocated.

He was followed by Dr. CM who shared with us a health talk on the current hot topic about COVID.

We all enjoyed very much the gathering that night with good food, fun and laughter. I had also learned a lot from our team members as well as other members participating in this fellowship event. We look forward to participating in the next fellowship event in November which is CP's Birthday dinner.... Yeah!

24th Installation Ceremony of Rotaract Club of Tai Po

9 October 2022

President Katherine So, RAC Tai Po

As the number of Covid-19 positive cases surged to some 8000+ per day in September, I was concerned that social gathering restrictions might be tightened and that the Installation Ceremony might have to be rescheduled. Fortunately, the number of positive cases gradually reduced over the past 2 weeks, and the 24th Installation Ceremony of the Rotaract Club of Tai Po was successfully held on 9 October 2022.

This year, the Installation Ceremony took place at iBakery Café, a restaurant operated by a social enterprise that situates at Tamar Park. We are honoured to have the presence of esteemed guests, including DG Norman, PDG Anthony, DRC Henry, DRR Merlot, ADRR Eliza, as well as mother club president Danny, IPP Wilson. Representatives from Rotary Satellite Club of Tai Po and our sister club Rotaract Club of WYS were also in attendance of the Installation.

I note that many Rotarians, families and friends had also attended the Installation. Although PP Tsubaki San was not able to attend due to prior engagement, he gifted us 10 bottles of wine in celebration of the Installation Ceremony for which we are much appreciative of.

The Rotaract Club of Tai Po (RACTP) had a joyful and fruitful year under the leadership of Immediate Past President Dominic Kwan. Despite social changes, RACTP never stops its commitment to serve and contribute to the society. In upholding the vision “Polaris-remain constant in the changing world”, RACTP organized various activities including soap recycling, Tai Kwun visit and hiking.

In line with Rotary International's theme "Imagine Rotary", the theme for RACTP this year is "Canvas-create unlimited possibilities". A canvas is a common and affordable tool for painting. With imagination and creativity, an artist can convert an ordinary plain canvas into remarkable pieces of artwork. RACTP serves as a means for everyone to develop their potential and express their creativity, realize ideas and create unlimited possibilities. With this mind, RACTP plans to hold events that inspires creativity and imagination among the community.

Once again, I would like to express my gratitude to mother club's constant involvement and support to RACTP. Without mother club's support and guidance, the Installation Ceremony would not be as bustling and successful. I would also like to take this opportunity to thank my board members for their hard work in organizing and preparing this Installation Ceremony, without which the Installation Ceremony could not have taken place. Last but not least, I am very much grateful for my family's love and support for me in becoming the President, and I strive to lead RACTP to achieve its mission of "creating unlimited possibilities" for our members and the community.

Book Recommendation: The Invisible Life of Addie LaRue

Elizabeth Law,
daughter of CDS Natalie

A wonderfully unforgettable tale about a young woman doomed to be forgotten, *The Invisible Life of Addie LaRue* is a story of love, loss, and wonder. In order to escape her marriage in early eighteenth-century France, the protagonist of this novel, Addie LaRue, strikes a Faustian bargain with an enigmatic god. Everyone she encounters is to forget her in exchange for her immortality. She strikes the deal with the devil out of despair and a longing for more, trading her soul for immortality and a life of freedom. Three centuries later, Addie has learned to survive, but she continues to lead a largely invisible life. One day, she enters a little bookstore in New York City, where she meets a man and hears the fateful words, "I remember you."

This book tells the story of what it means to be remembered while also conveying a strong message about resilience and perseverance wrapped in engrossing prose. The main themes of this novel are existential dread, female invisibility, and dealing with the devil.

Concentrating on the theme of existential dread, this book investigates existentialism in the literal sense by asking what existence actually entails. If there is no proof that we exist, do we even exist? After the deal is made, Addie's entire life is to be there in the moment and washed away from memory for eternity. If no one can recall you being there, were you really there? If people are unaware of your existence, do you still exist?

This novel is written from a third-person limited narrative who alternately focuses on Addie and Henry's points of view. This is because they both concealed secrets from the world and experienced a number of traumas that contributed to their insecurities and fears.

The invisible life of Addie Larue was the most enchanting story I have ever read. I've never been left speechless by a book, but I can now proudly say that this book has. The plot, characters, and even the setting captivated me. From the first page, you're drawn into a beautiful and complex story that you can't put down. It keeps you on the edge of your seat. The main characters are so well described it's like you know them, but better than you know anyone because it's told by an omniscient narrator so you can peer into their thoughts. The world building is phenomenal as it jumps between parts of Addie's life. Reading about Henry's inner turmoil will have you finding yourself connecting with his character. Then of course there's Luc, this wonderful creature of night that's meant to be the villain of this story but had me liking him. I not only enjoyed this book, once reading it I came out with a sense of awe, pondering what it means to live and the desire to not waste a second of my life. I've been thinking about it all week since I read it.

However, the plot hasn't developed past the point indicated on the book cover even by the halfway mark. At first, the story begins with Addie sleeping with a man who, the next day, doesn't remember her, which was great. However, as it went on, it went into great detail about her meeting someone else and then another, who are all strangers to her and don't remember her. This is when I started to grow impatient. Similarly, Addie's introduction to learning how to leave her stamp on the world was captivating and exciting. But after the author has made this point ten times, I lost interest in it significantly.

The personality of Addie LaRue almost seems childish. Although the book claims she has been alive for more than 300 years, her personality doesn't show it. She just had a kind of weightlessness that made me wish she had a more developed personality, with more focused hobbies or aspirations. The only thing that could've been different, in my opinion, is the repetitiveness and lack of wisdom coming from a character who is more than 300 years old.

Out of the many quotes from this novel, the best one in my opinion is "Blink and the years fall away like leaves." This past year has emphasized the value of making the most of the time that you have. This quote serves as a reminder that we can't control how long we live, so we need to give our journey purpose. Even if we cannot stop time, if we live life to its fullest and make a difference while we are alive, we won't have any regrets.

19 September 2022

M Regular Meeting

Marketing expert Mr. **Mark Kong** gave a lively presentation on “**How to utilize the strength of youth to enhance the future era of working remotely.**” He identified the current *problems* faced by us, who are at the more senior/management level, which includes lacking sensitiveness about new trends and the promotion media etc.

Young people, even though they may lack experience, may supply the cost-effective force to fill the gap if they are given the opportunity to learn the skill-set and encouragement to be creative within basic parameters.

What Mr. Mark Kong advocated is in line with the idea behind his collaboration with **Salvation Army Tai Po Integrated Service for Young people** whose Team leader **Frankie Lam Chi Hing** who came especially for the talk.

IPP Wilson and **Pres. Danny** raised questions for our Speaker.

Our very own marketing teacher **PP Dr. Ronald Chung** offered an equally lively **Vote of Thanks** to our speaker.

Another round of **September Birthday Celebration** for the many September birthday boys and girls.

PP Peter Lam won the bottle of **Glenmorangie Single Malt Whisky** which **PP Ron** offered for raffle draw.

IPP Wilson Woo shed some light on his plans for the **22 October End Polio Walk.**

3 October 2022

IPP Wilson stood in for President Danny who could not make it to chair the meeting.

Old friend **PP WH Fok** of RC Peninsula South **visited** us on this occasion.

When award winning **Architect Mr. Cary Lau** spoke to us “**About Architecture**”, rather getting too technical, he chose to show us the products, and explained how he combined daily observations, history and culture of the vicinity and of course clients’ wishes into his designs. It was quite an eye-opener for us and we had had a good time listening to how Cary made use of site orientation, different building materials, colour schemes and even religious gimmicks to beef up his designs.

The interesting talk on Architecture elicited a number of **queries from members and family like Wilson, Joan, Jules, Claire and KF** who asked questions ranging from the necessary attributes to qualify as an architect, safety measures, liaison with government departments, comparison with development of architectural services in the mainland, working with Interior designers, designing vs managerial duties ... etc. **Cary and his wife Kit Man** duly fielded the questions.

C M gave a box of **Tottori Japanese pears** for raffle draw and lucky **PP Ron** happily claimed the prize.

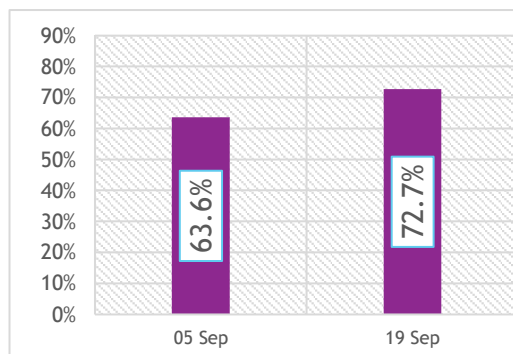

On behalf of the club, **Rtn. Jules** gave a **Vote of Thanks**.

PP Ron represented himself and Rtn. Sincere to receive well wishes and cut birthday cake in celebration of **October birthdays**.
