

TAI 報 POST

MONTHLY BULLETIN OF ROTARY CLUB OF TAI PO

AUGUST 2022

PRESIDENT'S MESSAGE

DANNY LAU

Dear Fellow Rotarians,

I would say the past two months have been a celebration! The District Installation was held successfully with excitement and hope for the coming year on 7 Aug 2022 at the Hong Kong Convention and Exhibition Centre. It was inspiring to see in person so many dignitaries including DG, PDGs, and District Officers with Ps and PPs. Even more so, during the installation of the club president, when IPP Wilson handed over the president's collar to me, I could literally feel the responsibilities laid on my shoulder, but I am thrilled and very much delighted to take on this challenge! Anyhow, the COVID-19 situation has prevented us from meeting on a large scale for almost three years now, I am very grateful to be able to attend this important and massive celebration.

To that, I am pleased to inform you that the Installation Ceremony of the Rotaract Club of Wu Yee Sun College, CUHK was also held smoothly on 21 July. It was a pleasure to meet our fellow Rotaractors and learn about their plans for the coming year. Congratulations to President Yves of Rotaract Club of WYS and all other incoming Cabinet members. Let's extend our support to them!

To echo what the District Installation Chair, Jack Chong, has said in his welcoming speech during the District Installation ceremony – we have to embrace the changing environment and make the best of it. As shared in the previous issue of Tai Post, the frequency of our regular meeting is adjusted from once a week to twice a month. The decrease in the number of meetings will not be at the expense of the continuity of maintaining club matters and the connectivity of club members. We will have a pre-meeting report every non-meeting week to keep everyone up to date with RCTP happenings and events. Stay tuned!

Cheers!

Danny

EDITOR SAYS

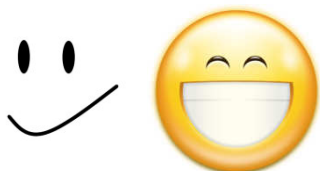

CLAIRE MAK

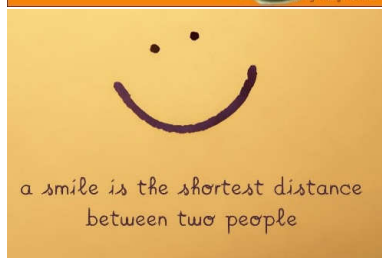

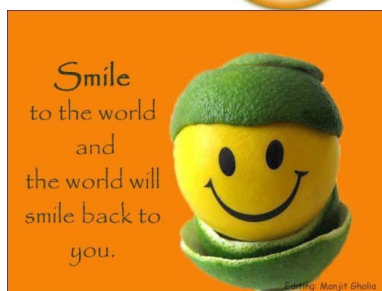

I believe the first victim under the Pandemic when everyone is mask-covered, must be the lovely smile. Whenever I walk on the street, cross the road, meet familiar neighbors, bump into good friends ... I nod my head, say hello just like before; but the smile I look forward to is gone. Some wise people painted a smiley face on the mask as a sort of comfort, but how possibly can it compare with a broad sunny smile? A kind smile is an important diplomatic tool, an effective friendly ambassador. Now that the smiley face is masked, there is one less tool to militate hostility or mediate disputes.

Smiles and laughter have a special charm. When you smile, you usually receive a smile back at almost the same time, as if you are looking into a mirror. Now that a mask covers your face, the biggest victim may be yourself because you see fewer smiles, and thus you will smile less. According to psychologists, laughing can often be a form of relief as it drives away depression. So, the less you laugh, the less you are psychologically self-regulating.

All faces are different and that enables identification. However, under the mask, faces are only partially visible and everyone becomes mysterious. The only differentiating features are hairstyle, eyes and clothes. This in turn, seriously affects the forming of friendship. You see, when meeting recently acquainted friends, you may need to re-confirm that the person before you is actually the same new acquaintance. If s/he changes hairstyle or changes clothes, you may not be able to immediately tell the identity. There were indeed a number of times when someone who seemed familiar walked past me but I hesitated to say hello; and because of that hesitation, s/he walked away and I was then left only with my own imagination whether I do know that someone or not. What face hides underneath that mask I wonder ... without answer. You cannot easily tell who is who anymore.

When our club held its changeover on 4 July, the old and new teams of District Officers/presidents came to our meeting... all dutifully masked and uniformed. I don't really get to see who was who and thus, was none the wiser as to who are now our *leaders*.

A thought which bothers me is this: comes a time when there is no longer the need to wear a mask and everyone sees each other in their true colors; we may need some time to adjust to the reality. Hey, ladies may need to dig out the long-forgotten make-up palette again.

Highlights of Rotary Council on Legislation 2022

From report at D3450 District Conference & Report of Action

ROTARY INFORMATION

PETER LAM

The Council on Legislation (COL) meets every three years and is an essential part of Rotary's governance. The representatives -- one from each Rotary district -- review and vote on proposals that seek to change Rotary's constitutional documents and on resolutions that express an opinion or make a recommendation to the Rotary International Board of Directors. The 2022 COL was a little different as 198 of the delegates participated remotely from their home country on-line. So only 325 representatives participated in-person at the Hyatt Regency in Chicago on 10-14 April; same location as the 2019 council. PDG Ada Cheng represented our district to participate in this event online and she had given us a presentation during our recent District Conference on 28-29 May at Nina Hotel Tsuen Wan West. Here are the highlights:

Statistics

- No. of Representatives: 523
- Attendance: 325 (physical), 198 (virtual)
- 94 enactments transmitted to the Council: 29 enactments adopted, 51 proposals rejected, 13 items withdrawn, 1 item postponed indefinitely

Proposed Enactments as grouped by Topics

Club Administration	Membership	Rotaract	RI Officers & Elections	RI - General	TRF – Trustees
RI – Clubs	RI – Committees	RI – Meetings	RI – Operations	Per Capita Dues	RI – Finance
Councils – Pre-meeting Procedures	Councils – Meetings & Representatives	Councils – Misc.	District Administration	Avenues of Services and Code of Conduct	Club Meetings & Attendance

Some Adopted Enactments

Club Administration

Clubs have 30 days (instead of 60) after all board meetings to provide the written minutes to their members (22-07)

Membership

- Added “equity & inclusion” to the building of a well-balanced membership (22-10)
- Members no longer must work or reside in the locality of their club (22-13)
- Active members can propose prospective members in any club (22-14)
- Satellite club members can come from multiple clubs (22-15) (Standard Rotary Club Constitution Article 8 Membership Section 5: Prohibited Dual Memberships. No member shall simultaneously a) belong to this and another club other than a satellite of a club, or b) be an honorary member in this club

Per Capita Dues

- Each club pays per capita dues to RI per member set at US\$35.50 per half year in 2022-23. This will increase to US\$37.50 per half year in 2023-24, US\$39.25 per half year in 2024-25, and US\$41 per half year in 2025-26 (22-46)

Rotary International – Finances

- By 30 September each year, the RI Budget shall be published as decided by the board on RI's website and brought to the attention of all clubs. The general secretary shall publish the audited annual report no later than 31 December after the fiscal year end.

Club Meetings and Attendance

- Allowed Rotaractors to attend any Rotary club meetings (22-84)
- Removed the monthly attendance report requirement of clubs to the governor
- For Standard Rotary Club Constitution Article 10 Attendance Section 5 Excused Absences, A member's absence shall be excused if “The sum of the member's age and years of membership in one or more clubs is 85 years or more, and the member has been a Rotarian for at least 20 years. Board Approval requirement to this excuse is now removed by the Adopted Enactment 22-92.

According to PDG Ada Cheng, clubs are required to adopt the new club constitution and should review their bylaws to ensure conformity with the new constitutions and bylaws as a result of the COL changes.

FLASHBACK

A look back of our club's past activities by topic

IMPRESSIONS DRESSING UP
FOR ROTARY EVENTS

2016

At the May 2016, 56th District Conference held at 長隆橫琴灣酒店, Mary and Creamy joined other spouses to dress up as "Alice" in "Rotary in Wonderland" DG Banquet. PP Claire was the Conference Secretary General and William our club leader that year (Why did Bebe not join as Alice?)

2015

At DG Banquet with the Theme "Broadway Glitters" during 55th District Conference at Airport Regal Hotel April 2015, ladies dressed up as fair lady and many performed elegant dance with their partners. Our PP Wilson Lam was the Conference Chair.

2012

Our ladies dressed up in different cultural costume at the DG Banquet of 52nd District Conference in Airport Regal Hotel in May, 2012. Creamy emerged as one of the best dressed winner in her sharp Indian dress with matching hairstyle and accessories . . . how nice!

2017

Our cowboys & cowgirls at the "Wild Wild West" theme 5th annual dinner of our baby club RC SoHo HK at a restaurant in The One in Tsimshatsui April 2017. Oops . . . Vikky was not a cowgirl but Red Indian chief in our gang!

2015

Shanghai Night at 蘇浙滙 (restaurant in Wanchai) Jan. 2015. Members dressed up in Chinese dress and Qipao (旗袍) and enjoyed the good Shanghaiese cuisine. There were quiz games about Shanghai designed by OC team leader PP Peter.

2013

Our colourful ladies at "Hawaiian Night" Annual Ball at Intercontinental Hotel in June 2013 – a rather extravagant event with great fun under Ball Chair PE Francis Au, 2012-13 Pres. Ron Chung and Kenneth Wong our DG!

Sunshine Teens Abseiling Event

25 July 2022
Rtnn. Joan Ng

A huge thank you to President Danny - he had made my birthday wish come true!

For my 50+ birthday, I was hoping that I could challenge myself. To help me achieve this dream, President Danny allowed me to join the students of TPHYKSS and participate in abseiling, one of our Sunshine Teens Maker+ Programs organized in partnership with the Salvation Army.

It was a sunny, hot day in July. When I arrived at the school, I was greeted by President Danny, PDG Anthony Hung, PDG Kenneth Wong, and PP William Yim. They all came to support the students on behalf of Rotary Club of Tai Po. To start the day, there was an introductory speech given by the headmistress, followed by a warm up exercise conducted by the Salvation Army. The hall was filled with excitement and laughter from all.

I put on my safety harness and looked over the balcony where I was to begin my descent - I told myself it was not a difficult task. I made sure my safety buckle was fastened and recalled the tips that my trainer has given me. And before I knew it, it was my turn to make the descent.

Against all natural instincts, the rush of adrenaline hit me as I began to climb over the balcony ledge. It felt wrong to be climbing out of a school building; yet, I was being encouraged to do so! Nervous excitement loomed over me as I slowly took my weight off my feet and put my life on the line, quite literally.

"Keep your legs straight! Lean back!" Those were the only two phrases my trainer shouted as I began my descent. I did as I was told, and took small, steady steps. It was a surreal feeling; I was standing horizontally, defying physics, as if I were completing a spacewalk down the side of the building. Slowly but surely, I made my way down from the fifth floor. Suddenly, I swung towards the wall as my legs stepped on the empty space. I instinctively pushed back with my left hand to prevent my head hitting directly on the wall. My right hand could not let loose, otherwise, I would drop off to the bottom immediately. The challenge of abseiling in school is the gaps between the balcony of each floor. The more you leaned back, the greater swings your body will experience.

My vertical spacewalk was captured on video and photos thanks to the Rotarians - particularly PDG Anthony! Not only was he our guardian for the activity, he was also there to give his support and encouragement throughout the day. During the descent, he chased after me by walking along the corridors and down the stairs floor by floor so that he could capture photos for me in the most flattering angles. Perhaps he had burnt even more calories than I did during the process!

Hurray, I finally made it! I am proud of myself to accept my own challenge. But most important of all, I had actively participated in this meaningful program of Rotary Club of Tai Po.

Installation Ceremony of Rotaract Club of the Student Union of Wu Yee Sun College, CUHK

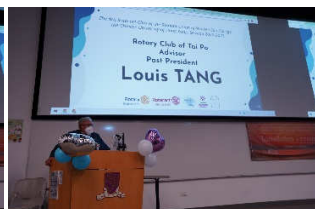

21 July 2022
President Yves Ng

The Installation Ceremony of our club was successfully held on the 21st July at the lecture hall of Yasumoto International Academic Park, the Chinese University of Hong Kong. It was our honour to have invited guests from our college, Rotary District Leaders, District Rotaract Board, our mother club Rotary Club of Tai Po, our sister club Rotaract Club of Tai Po and fellow Rotarians and Rotaractors to join our ceremony. In times of covid, we were very grateful to have everyone attended our event in person, to witness the official handover to the new cabinet.

The theme for our ceremony was “**Lumière**”, a French word that means light. Light of the rising sun marks the start of a day, and similarly, this ceremony opens a new chapter of our university life. We used “Lumière” as our theme to symbolise that this ceremony marks the beginning of our journey as Rotaractors. Hoping to light up the lives of the needy, we, as a university-based service club, are dedicated to addressing the needs of the community and bringing positive energy to every people.

The ceremony began with the ringing of the Rotaract bell. We were very delighted to have invited DG Norman Lee, Youth Service Committee Chair CP Jimmy Lau, DRR representative ADRR Dennis Kwok, President Danny Lau and Past

Presidents Masayuki Tsubaki and Louis Tang from Rotary Club of Tai Po as well as College Dean of Student Professor Poon to deliver their speeches. Through their encouraging words, we become more devoted to performing the responsibilities as Rotaractors.

One of the most memorable sessions in the ceremony was definitely the handover ceremony. President Danny from our mother club passed the President Collar from IPP John Choi to me, which marked the official handover to the new President of our club. Another session that is also worth mentioning is the pinning ceremony, which signified the commencement of the new session.

Before the end of the ceremony, we played videos of us to introduce our cabinet members, our upcoming activities and to share our happy moments in the previous few months. We also performed K-pop dances which we have practised for long during our preparation period.

Lastly, I would like to make use of this opportunity to express my most sincere gratitude to the helpers and, most importantly, our cabinet members. Thanks to their hard work, our ceremony ran smoothly without any problems. After the ceremony, we, as an official cabinet member of the Rotaract Club, are proud to say that we are now ready to serve our club members and the community. It is hoped that through our activities, we can brighten the lives of the needy and make a difference in the society.

Summer of Art for Rotary Club of Tai Po Wonderful time at Porcelain Painting!

24 July 2022

Masayuki Tsubaki

Hong Kong International Porcelain Painting Arts Festival - Children and Adults' Daytime Classroom

香港國際瓷畫文化藝術節—小童及成人瓷畫教室

Autumn is always described as a Season of Art in Japan. This time, it is the Summer of Art for Rotary Club of Tai Po.

Connie and I participated in the activity of Rotary Club of Tai Po after a long time due to the COVID pandemic. The event was called "Hong Kong International Porcelain Painting Arts Festival", with title "Children and Adults' Daytime Classroom". It was held in Yue Hwa Department Store from 11:00 a.m. to 1:00 p.m. on 24th July 2022.

24th July was a very hot day. When we arrived at the venue, everyone had already gathered. Some came with their spouse, son or daughter. There were many beautiful master pieces from different famous artists. Some are for sale while some are just for exhibition purpose.

7月	星期日	17, 24, 31
8月	星期六	06
8月	星期日	07

時間: 11:00-13:00 | 13:30-15:30 | 15:45-17:45 上課地點: 悅華樓5樓 報名及查詢: 3511 2224 / 3511 2220

They were looking at the colorful porcelain paintings on the tables and were very interested in the works. There were about twenty pieces of porcelain paintings with different pictures like cartoons, flowers, animals and characters. Meanwhile, we all were very excited and eager to start the class.

After our teacher had explained to us about the techniques, we have to select a picture, which is a porcelain plate with outline sketch on it together with a color-printed picture on an A-4 sized paper. Also, we have to prepare some paints, brush, and sponge. The sponge was to make the painting effect of darker or lighter tone.

Everyone selected a different picture. Connie selected a flower and I selected a cat. When all of us started to work on the painting, the venue became very quiet since everyone was extremely focused on their art pieces: just like we were having arts lessons in primary school. For me, it has been a long time not picking up a brush for painting, and it might be the same for other members too. After an hour, our art pieces were completed, then, with the retouch by the teacher, and our signature, it was finally finished. But we need to wait for the heating process which took more than a week. Can't wait to see the end result! I think this hour of painting was a healing time, focusing on every brush, and enjoying the family time!

Those who did not join surely missed a valuable opportunity and interesting experience! But you will have a chance to see our “art pieces”. President Danny says he will show our porcelain paintings in our club meeting once they are ready from the oven!

The event came to an end with a surprising lucky draw. PP Armstrong's daughter won the prize of the hot water bottle! Thanks President Danny for sponsoring the prize!

Lastly, thanks PP Vikky and the teacher for the wonderful arrangements which brought us with a super memorable time!!!

Thanks for the support from all participants! I am sure you all had an enjoyable lesson!

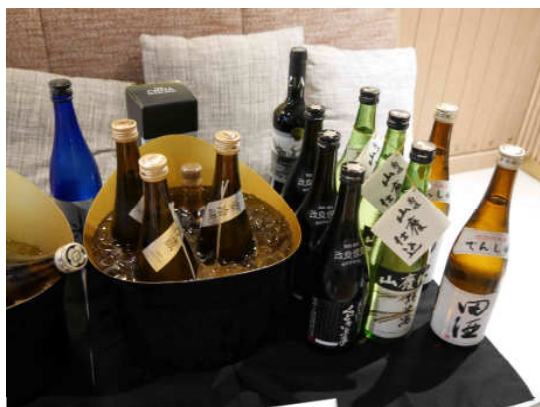

Sake Night

24 July 2022

Jules Jiu

The first theme night of the Rotary year of Rotary Club of Tai Po took place on 24 July 2022 with the Japanese theme "Sake Night". It aims to comfort our lovesickness of the "Japanese trip" which we have been unable to go in the past three years due to the pandemic. Thus, we got ready Japanese wine and food, gathered at Hare Japanese Izakaya Restaurant and tried to let the participants feel we were gathering in Japan. It seems perfect but nobody spoke Japanese.

We enjoyed the dinner at the modern Izakaya restaurant with various kinds of Japanese food. As the theme was Sake, we have prepared five different kinds of Sake. Jules knows nothing about Sake, but he still tried awfully hard to pretend to be a wine connoisseur to introduce the characters of Sake. In fact, the information about the Sake was provided by Jules' friend. He let the participants have basic information about Sake when they were enjoying it. As a result, everybody found that Jules really knows nothing about Sake as he had not allowed Q & A. Anyway, thanks go to Jules's friend, Mr.

Micky Chan, the founder and the chairman of the Federation of Japanese Sake Industry of Hong Kong and a wine connoisseur, who gave us advice and information on Sake.

We all enjoyed the food and Sake with the lively atmosphere, warm and happy interacting. Then at games time, two games were conducted: one was to recognize what kind of Sake after having tasted it; the other was to guess which member of Team One drank real Sake or not. As a result, CP Donald, based on his professional knowledge and years of experience in enjoying all kinds of wine, won the first game. The second game winner also emerged among the cheering and applause, but I have forgotten who they were - maybe I was already drunk at that time.

During the dinner, it was easy to find many smiling faces, drunk walk, sluggish expression of full eating..... What an enjoyable and memorable dinner it was.

Finally, thanks to all members of Team One for organizing such a wonderful night.

Congratulations

RC Tai Po is celebrating some happy times with a new born baby and a new medical practice! Let's raise our glasses and **Cheers!**

Welcome
Enzo Yeung

PP Frankie and Creamy elevated to the rank of grandparents upon the birth of grandson Enzo on 29 July 2022 weighing 8.2 lbs. at birth. He has yet to get a Chinese name. May Enzo grow up healthily, happily and be very blessed!

Best Wishes for embarking on Private Practice

Congratulation on Tying the Knot Henry Yau ♥ Rebecca Ng

30 July 2022

It was a happy occasion for Rotary Club of Tai Po and Rotaract Club of Tai Po on 30 July 2022 when Henry Yau hosted a banquet at Rosewood Hotel to celebrate his wedding with delectable Rebecca.

The wedding saw members of RCTP and RACTP sharing in the happiness of the newly-wed couple and their family. At the same time, old friends like PP Ping and former member Patwood Yau were also there.

Henry's father Dr. Yau Wing Kwong JP, an environmentalist and energy conservation consultant, is a prominent figure in Tai Po and a friend to a lot of us. A few years ago, when RCTP hosted the Ocean Conservation project, we had invited Dr. Yau to be the keynote speaker but who subsequently could not make it. Instead, Henry substituted for his father and gave an impressive presentation. Since then, Henry got initiated into Rotaract and the rest is history.

The wedding was warm and delightful with some touching moments. Abiding by their love for the environment, the couple gave each guest a thank you note which is printed on recycled paper and ingrained with seeds for planting and germinating flowers. So very thoughtful. May the nice couple be blessed with true marital bliss!

District Installation

7 August 2022
Wilson Woo

7

August 2022 was a big day for District 3450. With the presence of Dr. Rex Auyeung, the chairman of MTR as our guest of Honor, the District Installation 2022-23 was successfully held at the Convention Hall of HKCEC.

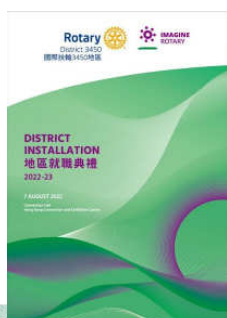

DG Norman LEE, IPDG Keith CHOW together with Dr. Rex Auyeung and Incoming and Outgoing Presidents came to the stage. During the ceremony, our outgoing President Wilson WOO passed the president's collar to incoming President Danny LAU. PDG Anthony HUNG, PDG Kenneth WONG, CDS Natalie KWOK, DT Louis TANG, DAG Sally LUK, PP Armstrong SHEA, and our satellite club new member, Rtn. Ernest CHAN had attended the event and witnessed this significant moment.

Two performances were arranged during the event, they were the Taiko (太鼓) and opera singing. Playing the Taiko took a lot of physical strength and fitness, and we could hear and feel the surrounding rattling from the sheer force and power. It was incredibly amazing to watch them play and left me wanting more. Opera singing was equally enjoyable, as we could all feel their passion for music. We, the audiences, gave them several big rounds of applause for feeling their vocal vibration as well as admiring their simply beautiful and melodic voices.

Last but not least, there was a New Member Induction session during the ceremony. Rtn. Ernest CHAN, our Satellite Club member had also joined the ceremony with other new members from various clubs. I believe Rtn. Ernest was very enthusiastic and excited when getting onto stage. The photos didn't lie, 有圖有真相。

The programme book of District Installation had also been published online this year, thus saving many trees. You may wish to revisit the contents any time by scanning the given QR Code.

Hot Hot Succession Fellowship Dinner

7 August 2022
William Yim

As compensation for not having the official fellowship dinner due to COVID, we held a smaller-scale dinner to uphold the usual post District Installation celebration this year. Our club, Rotary Club of Tai Po, organised a fellowship event close to Hong Kong Convention and Exhibition Center where the District Installation was held.

The “hot hot” themed dinner was hosted by Team 2, members of which include PP Tsubaki, PP Wilson Lam, PP Peter Lam, our fellowship chair PP Armstrong, President Danny and team leader PP William. We kicked off the event with Chinese Baijiu tasting and a heartfelt sharing by IPP Wilson and Pres. Danny.

We had a short Bingo session which brought the event to the hottest atmosphere. Then great congratulations to the news of Creamy and Frankie having a grandson.

There were a lot of blessings over the tables! Along with the selected Sichuan dishes, we had a delightful evening with the long-lasting spice burns in our mouths.

Initially, there were 24 sign-ups but finally, we had 26 persons joining. Notable guests include CP Donald's wife Anne and his son Damien; PDG Eric Chak and his wife Rachel; PP Ayumi and her husband Brian and my son Alvis and his girlfriend Aimee. Special thanks to PP Armstrong and PP Peter for the sponsoring Baijiu and whiskey; PP Peter for photo-taking, and thank you Aimee for designing and producing the banner/poster.

We had excellent food and of course a wonderful fellowship. The event ended with laughter and emptied bottles of liquors and wine.

18 July 2022

M Regular Meeting

Members were delighted to be **back to KCC** for our regular meeting.

Speaker Mr. **Richard Chan** gave a rather long but interesting talk on the mysterious subject “**Funeral Dos and Don'ts**”. By close of meeting, everyone including CP Donald were not eager to leave but hung around to chat with the speaker on this less talked about subject.

William and **Bebe** were not slow to ask **questions** on the subject of funeral practices.

Henry gave a **Vote of Thanks**.

KF promoted the **Dahongpao Tea Packs** he gave out for raffle draw which was eventually won by lucky **Louis**.

We shared in the joy of celebrating **Armstrong's birthday** with lovely Rita beside him.

President Danny toasted and ding the **bell** to signify close of meeting.

1 August 2022

Thanks CP Donald for offering a huge bottle of vintage Moutai for everyone to try.

This “Meet our Youths” meeting was well-attended not only by members including CP Donald but spouses, children, Rotaractors and Satellite club members as well.

Dr. James Cheng introduced Satellite club new member Ernest Chan via zoom, after which, in the presence of chairlady Viola and our CP Donald, Ernest was formally inducted as a member of Rotary Satellite Club of Taipo Companion.

Incoming President Katherine So told us her plans for RAC Taipo, while incoming President Yves Ng who had taken up president position in accordance with University club practice, recounted some past events and previewed what's in store for RAC WYS College.

Meet our Youths.

Cutting of Birthday cake to celebrate August birthdays of Rtn. Henry, Rtnn. Bebe, PP Louis and PP KF.

Raffle prizes of a bottle of red wine and a bottle of white wine given out by Rtn. Henry were won by Rtn. Jules and Pres. Danny respectively.

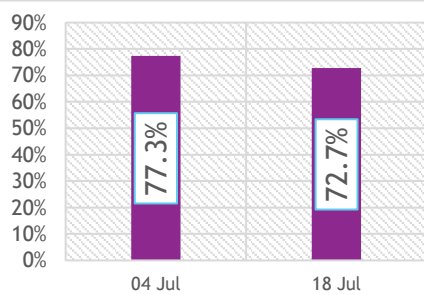

Whether it was paid for Danny's mistakes or in celebration of Ernest's induction, RCTP amassed quite a bit of Red Box collection.
