

Reach Within to Embrace Humanity

# Tai Post 大報

Club Bulletin of Rotary Club of Tai Po (October 2011 Issue)

## President's Message

Masayuki Tsubaki

My President Year has already passed 3.5 months. For the coming 2-month President's Messages, I am going to talk about our Committee's activities.

Our Membership Chair PP Dennis Lo achieved good results last year under the leadership of IPP Frankie Wu. During the last Rotary year, he established our Membership Recruitment Manual with the help and support of our Senior PPs. This sets up a system which focuses on "Quality", instead of "Quantity", for our Member Recruitment. I am sure with the help and experience of PP Dennis in the coming Rotary year, our Membership Target will be achieved very soon and more potential members will join our big family!! He is particularly active in the recruitment of our 1st new member, Ms. Vikky Tam. From Caren Chan's introduction to the induction ceremony at the AREA 6 Joint Meeting on 3 Oct and which was presided by DG David, it took only about 10 days: a very quick process! Thanks Dennis for the high efficiency in all the arrangements and coordination within such a short time, and I think the help of PP Jacky and DGE Kenneth did help a lot. I am looking forward to inducting the next potential new member!

Administration – Natalie is the Administration Chair this year. She always has excellent

preparation for the set up and menu, and every time our guests have superb feedback. She has already got well prepared for the arrangement of our Speaker List up to December. Though it seems an easy job, without her great organization, the activities would not have run so smoothly. So, I want to thank her for all the help and I hope there will be great success in our Theme Nights this year which will focus on the cultural aspect. I believe in the next Rotary year, as a secretary, she will certainly contribute much help to PE Ronald Chung.

ADMINISTRATION

I also want to take this opportunity to thank Wanda and Wilson for this year arrangement of the Birthday gifts (luggage tags with our Logo) for our Members.

Public Relations – PP Claire is a superwoman!!! Every month I am alarmed for preparing my President's Message. Under such a tight schedule, she has done a great job for our Tai Post every month. I am sure everyone of us is eager to read it and enjoy it so much.

Last but not least, I really appreciate all our Members' help and support to our Chairs in every event. Without members' effort, our activities would not have been so successful.

**Editor Says ...**  
Claire Mak

You have got to give our ladies a big round of applause. *Ladies* are becoming the indispensable pillars of Rotary Club of Tai Po.

When RCTP was chartered, we started out with Jenny Chan as the only lady member. Now, with the induction of our newest member Vikky, ladies comprise a quarter of RCTP membership. And who introduced the accomplished Vikky to our club? None other than another lady member: Caren.

Vikky and Caren

And those of you who attended Samantha's "basin cuisine" wedding banquet on 5 October had shared the joys of this sweet lady member.

PP Pearl has taken charge of the Sunshine Teens Project and a series of service are underway. Rtn Sincere and Rtn Ada are also silently active and gave of their best in service. Needless to add, talented Natalie

took good care of our meeting menus and Speakers' Program; and I made sure *Tai Post* is an interesting read, printed and distributed on time.

Sincere

Ada, Claire, Pearl and Samantha

Natalie

We also have strong ladies presence in our New Generations as well with 2 lady presidents taking the helm. Ms. Jodhy Mak is our new president of Rotaract Club of Tai Po and Ms Kirsten Hui will be leading Interact Club of Tsung Tsin Christian Academy this year.

Jodhy

Kirsten

We salute you LADIES!

**New Member: Vikky Tam**

**Vikky Tam (譚秀芳)**

Vikky, daughter Grace and Proposer Caren

**Personal Details**

Date of Birth: 21 September

**Education:**

Australia RMIT University – Master of Business Finance

**Occupation:**

Managing Director – V's International Limited

**Classification:**

Manufacturing - Metallic Household Goods

**Family:**

born in a family with 4 brothers, the only daughter in the family. 15-year-old daughter, Grace

**Interest:**

Public Speaking, Singing, Movies, Collecting colonial coins & bank notes.

**Awards:**

Champion - Humorous Speech Contest 2005 Bangkok (Pan-South-East Asia)

2<sup>nd</sup> Runner up - Asia Cup Speech Contest 2006 Macau

1<sup>st</sup> Runner up - International Speech Contest 2008 Hong Kong (Pan-South-East Asia)

**Membership Group:** Team 4

## Rotary Information

Peter Lam

### Vocational Service & The Four-Way Test

Congratulations to Vikky Tam who was recently inducted as member of our club and we now have any new faces of Rotary in our club so let's go back to some basic Rotary information.

October is Rotary's Vocational Service Month and Vocational Service is the second avenue of service in Rotary besides Club Service, Community Service, International Service and Youth Service. Vocational Service describes the opportunity each Rotarian has to represent the dignity and value of his or her vocation to the other members of the club, as well as the responsibility of the club to undertake projects related to such areas as career planning, vocational training, and the promotion of high ethical standards in the workplace.

One of the most widely printed and quoted statements of business ethics in the world as well as in Rotary is THE FOUR-WAY TEST (四大考驗) which should be known and followed by all Rotarians:

*Of the things we think, say or do:*

1. *Is it the TRUTH? 是否一切屬於真實?*
2. *Is it FAIR to all concerned? 是否各方得到公平?*
3. *Will it build GOODWILL and BETTER FRIENDSHIPS? 能否促進信譽友誼?*
4. *Will it be BENEFICIAL to all concerned? 是否兼顧彼此利益?*

The Four-Way Test was created by Rotarian Herbert J. Taylor in 1932 when he was asked to take charge of the Chicago-based Club Aluminum Company, which was facing bankruptcy. Looking for a way to save the struggling company, Taylor drew up a 24-word code of ethics for all employees to follow in their business and professional lives. The Four-Way Test became the guide for sales, production, advertising, and all relations with dealers and customers, and the survival of the company was credited to following this simple philosophy.

Indeed, the Four-Way Test is now being used successfully around the world in business, government, and schools as an effective measuring stick for conduct. It is a guide to RIGHT thinking. If memorized and constantly applied to relations with others, it will make a definite contribution toward more effective and friendlier relationships. If you get into the habit of checking your thoughts, words, and deeds against The Four-Way Test, the experience of others has shown that it will help you become happier and more successful!

Herbert Taylor became president of Rotary International in 1954-55. The Four-Way Test was adopted by Rotary in 1943 and has been translated into more than 100 languages and published in thousands of ways. So all new members: please start memorizing it now!

# District Rotary Foundation Seminar

on Sept 3, 2011 at Holiday Inn Golden Mile  
Wilson Lam

The seminar started off at 9:00am with a welcome message by DG David Harilela. It was then followed by the Keynote Speaker, PRRFC Melito Salazar, Jr. D3780 after being introduced by our PDG Alexander Mak.

PDG Melito Salazar, nickname "Bimbo", is a true Rotarian since 1978. He and his wife, Amy, are both level 2 Major Donors and members of the Bequest Society. Their 4 kids are all Paul Harris Fellows. He started of his talk by giving detailed history of The Rotary Foundation and ended with his topic on "Our Future with The Rotary Foundation".

There are 2 quotes which are still indelible:

- 1) "It doesn't matter if a member joined Rotary for a wrong reason; but it is our duty to make it right."
- 2) "Money alone does little good. Individual service is helpless without money. The 2 together can be a Godsend to civilization." – by Past RI Pres. Arch Klumph.

RI Pres. Arch Klumph started The Rotary Foundation as an endowment fund in 1917 with US\$17.00 and US\$26.50 in 1918. The Foundation really came to the financial health and world importance in 1947 with contributions of US\$10 per member when Paul Harris passed away. The Foundation has so far supported over 40,000 scholars in 130 countries, over 33,000 matching grants, 14,674 GSE teams, 347 3-H grants in 78 countries, 489 Peace Fellows and over 2 billion children polio-immunized. The Rotary Foundation is always one of the top 3 NGO foundations in the world with the least administration cost.

### The goals of the Rotary Foundation:

- \* A strong Foundation
- \* A proactive Foundation
- \* A Foundation ready to serve
- \* A Foundation with more involved Rotarians
- \* A Foundation to face challenges of future
- \* A financially sound Foundation
- \* A Foundation known for stewardship
- \* A Foundation taking advantage of the trend
- \* A Foundation with strategic alliances
- \* A Foundation everyone is proud of.

### Six Areas of Focus:

- 1) Peace and conflict resolution / prevention
- 2) Disease prevention and treatment
- 3) Water and sanitation
- 4) Maternal and child health
- 5) Basic education and literacy
- 6) Economic and community development

Mission of the Rotary Foundation is to enable Rotarian to advance world understanding, goodwill and peace through the improvement of health, the support of education, and the alleviation of poverty.

The second speaker is a Rotary Peace Fellow, Mr. Jianrong Chen. He was introduced by our DGE Kenneth Wong, and spoke on his topic "World Peace Maker". Mr. Chen finished his first B.A. degree for Diplomacy in 1996 in Beijing Foreign Affairs College and his M.A. degree for International Relations in 2002 in Jinan University, Guangzhou. He is also a PhD candidate for International Relations in Jinan University in 2005. The Rotary Peace Fellow program supported him to study in Chulalongkorn University, Bangkok, Thailand in 2007-2009. He was touched by the Rotary Peace Fellow program and now teaches courses in universities in Guangzhou and Zhuhai, promoting international peace and conflict. In a long run, he aimed at setting up a Peace Institute in China by late 2012. He released a few publications on China and South China Sea conflict, Thailand 2009, India and the ASEAN, the future of Thai Democracy ....

Past DRFCC Calum Thomson, member of RC of Longniddry (2002-2011), D1020, Scotland, UK, was introduced by our DRFCC Kenneth Chow and his topic is "Two Needs, Two Ways of Giving". Rotarian Calum Thomson is now a member of RC of Kowloon Golden Mile after he moved to HK early this year. The Two Needs and the Two Ways of Giving are actually (1) The Annual Program Fund – contributing to the needs of today and (2) The Permanent Fund – leaving a legacy for future generation.

There are 2 group sessions after the first plenary session. Group 1 topic is HG program from traditional to Future Vision Plan's new grant structure. DGSC Dominic Ko was the moderator; PRRFC Melito Salazar and PAG Dr. Josephine Wong D3480 were the panelists. 4 key areas were covered in this session:

- 1) Refresh of the traditional Humanitarian Grants program.
- 2) How is the New Grant Structure organized?
- 3) What are the benefits of the new grant structure to clubs? What are the challenges of the Future Vision Plan to clubs?

Group 2 topic is Sharing of Foundation Alumni and Strategies to increase support to TRF. PDG Ada Cheng was the moderator. Panelists are PDRFCC Calum Thomson, PP Joyce Mak, PP Thomas Chan and PP Mildred Hoi. This session covered:

- 1) Sharing by Inbound Rotary Scholar, Kristen Lindley, from Sunrise Rotary Club of Victoria D5930, Texas.
- 2) Sharing by President of Rotary Foundation Alumni Association, Jo Ho, also member of 2010 Outbound GSE team.
- 3) Sharing by Outbound Rotary Scholar, Frankie Tam, to D1130 Greater London, UK.
- 4) What is the difference between EREY clubs and RFSM clubs? Our club is both.
- 5) How are clubs eligible to 100% Paul Harris Fellow Club? Our club, Tai Po, is already 100% PHF Club.
- 6) How can we receive the recognition of PHF? We all did contribution and was recognized.
- 7) What is SHARE system? Our contributions to the APF are split and shared equally 50/50 between the World Fund and District Designated Fund.
- 8) How can we support the Permanent Fund to secure the future of TRF? Designate your cash contribution or estate plan to PF. Joining Bequest Society by assigning a provision of your estate plan, life insurance or living will totaling US\$10,000 or more to the PF.

9) The second plenary session after lunch covered Grant Programs at Work - "Water", "Health" and "Education" by DGE Kenneth Wong, Pres. H.W. Fung, DGSC Dominic Ko and local Project beneficiaries. The "Water" solution

committee chaired by PP Albert Poon with a mission to identify suitable and reliable water filtration unit for Clear Water Projects for clubs in our District. PP Albert Poon will be our speaker on this in coming up meeting. The "Health and Education" project is a MG project led by local partners RC of Lion Rock, Lan Kwai Fong and Metropolitan HK. Oversea partner clubs are RC of Taipei Ivy, Taipei Fujung and Chung Ho Full May. The HK Association of the Physically Handicapped and Able Bodied (PHAB) is the cooperating organization outside Rotary. It aims to provide special hot pack to the disabled to manage the pain through some physical training treatment.

Our club members have provided 3 home stay to the inbound GSE team out of 5 from D7789 in last Rotary year. IPDG Jason presented special recognition to these members, PP Louis, PP Jacky and PP Wilson for their great support given. PP Louis and PP Jacky were out of town and Pres. Tsubaki received the certificates on their behalves.

PP Lau Suet Ting and Past Rotary Scholar Hanny Wan presented the "This Close" campaign in the first part of the last session. Polio Eradication is one of the biggest internationally recognized projects of mankind. We are that close to ending Polio, KEEP GOING!

Past Rotary Scholar Candy Chan, a professional journalist, presented "Ambassadorial Program at Work" in a media format: "The Rotary Times" newspaper. She is currently a producer for a German Magazine Stern in Shanghai, reporting on mainly South East Asia and the Greater China region. "The Rotary Times" presentation is really powerful and touching. Candy joined Rotaract Club of the University of Hong Kong and is now a member of Rotaract Club of Hong Kong. I have extended an invitation to her to come to speak to us on her next trip back to HK.

The last topic "Giving to Humanity" was presented by DRFCC Kenneth Chow. Hepatitis B and Stand Tall are 2 local projects presented and recognized in this session. Kenneth ended the session with quote from Past RI Pres. Arch Klumph, "...we should look at the Foundation as being not something of today or tomorrow, but think of it in terms of the years and generations to come. Rotary is a movement for the centuries."

The Seminar ended with a closing remark by DG David Harilela.

Being a Rotarian since 1995 and have attended at least 5 Foundation Seminars before, I still learnt new information and knowledge in this Seminar. Thus, I strongly urge new members in the last few years and those who have not been to one in the last 3 years to join the one in next year. We all should know how and where our contributions go.

# CAMBODIA & VIETNAM 2011

## TRAVEL LOG

Chloe Lam

As we hopped on to the first flight from Hong Kong to Ho Chi Minh, Rex and I were still excited on how he would spend the 14 usd his mom had left him for this trip. As we were about to land Rex decided to repeat every single thing the flight attendant said in Vietnamese which he thought it was amazing smart of him to be speaking Vietnamese but he got the whole family annoyed. The strange tones of Vietnamese had soon become a white noise to us as we had a short break before our transit flight to Cambodia. We then spent 4 days in

Cambodia where we visited the Angkor Thom, Angkor Wat and as Rex and I call them "those places with piles of rocks that they call a historical structure". Every time we arrived at a tourist attraction we would have little kids following us around asking us to buy their souvenirs making us realize how fortunate we are living in Hong Kong and not a war torn country with children that are dying of hunger and do not have a chance of being educated. After the first 4 days of rough site seeing in Cambodia we embarked on a

45minute flight to Ho Chi Minh City, where we visited the Presidents' Office, the post office, Fruit island and other sites. The shopping finally began and Rex's 14usd was still safe with him. Yet without spending the 14usd he still managed to get a present for his mom. He was smart enough to ask the shopkeeper at the tradition Vietnamese crafts shop that we had made purchases at for a small gift for his mom. This trip was a fun and an eye opening experience for the whole family and we have learnt a lot about both the cities we visited.

## Youth Corner

# Meeting at our partner school TTCA

PP Peter Lam

Our interaction with partner school Tsung Tsin Christian Academy (TTCA 基督教崇真中學) is back in full swing after the long summer holidays. On 23<sup>rd</sup> September 2011, a breakfast meeting was held at the school which was well attended by Rotarians led by President Tsubaki, Principal Dr. Samuel Cheng and Vice Principal Jenny Kwan.

Rotary Adopt A School

Many thanks to the presence of our Rotary dignitaries DGE Kenneth Wong & PDG Anthony Hung which provided the school the most valuable advice and enabled us to emphasize Rotary's commitment to youth services and our earnest desire to help the school strengthen their Interact Club and make the best use of our Rotary Adopt A School (RAAS) program. Various issues and topics such as the need to strengthen Interact formality like monthly regular meeting with participation of Rotarian advisor, commitment to service project and strengthen communication between Interactors, the school and Rotarians, more sharing

sessions by students who benefited from RAAS, were discussed. Principal Samuel thanked us for the support to their summer service trip to Linzhou China (連州山區) by donating 934 copies of dictionaries worth HK\$18,338 to the local students and we agreed to explore opportunities of joint service trip to China next summer. VP Jenny also proposed to organize vocational visit to factories in China for their students in December and PP Peter has already been in contact with our PP Wilson and PP Matthew to start the planning.

The meeting ended with a brief tour to the newly built auditorium of the school which Principal Samuel was so kind to offer us to borrow the facility for Rotary use. We were delighted to learn that such modern facility was in fact the grand idea of our former member and past Principal Joshua Yau and the auditorium is now named after Joshua.

We are also glad to learn that our Interactors are sending a full team of 14 board members plus 2 teacher advisors to attend the District Interact Workshop on 15<sup>th</sup> Oct. and Assistant Principal Ms. Andra Ng now added to the Interact, RAAS advisor team so we can look forward to an exciting year of close cooperation with the school & the students.

Further to above meeting, Youth Service Chair PP Peter attended the Interactors new board 1<sup>st</sup> meeting on 11<sup>th</sup> Oct. at the school and learned of their new board team, upcoming installation ceremony and plans for the coming year which will be reported in next issue of Tai Post so stay tuned.

## Youth Corner

Students and Interactors of Tsung Tsin Christian Academy (TTCA) finished a summer trip to Qing Yuan, China where they joined with students from a mainland school to visit the poor rural schools there. Not only did they visit the three schools: 白芒小學, 南崗學校 and 龍翔學校; they also paid home visits to selected families of these schools.

Among the meaningful gifts brought by the TTCA students are dictionaries (學生新華字典) donated by Rotary Club of Tai Po to the students and teachers of 南崗中學, all marked with a recognition of RCTP. Of more importance, however, is how the students felt about this trip and what they have learned.

TTCA's Cindy and Dorothy gave their recounts below.

### Tsung Tsin Christian Academy Service Trip to QingYuan, China

I joined the trip to QingYuan in June. It really was an unforgettable experience for me! During the four-day trip, I did a lot of things including visiting schools in poor mountain districts and interacting with the students there. I also visited the family of a local student. Although the distance between her school and her home is far, she never feels tired because she loves learning and enjoys going to school every day. Because of this girl's passion, I deeply understand how much she likes learning. She told us that learning should not only be the right of those who can afford it but everyone should have the opportunity to learn if they want to get knowledge. Besides having a valuable experience, I also became concerned with the education welfare of the Chinese children who live in poor mountain districts. I will continue to support our school in organizing more service trips and encouraging more students to join in order for them to experience different learning opportunities.

Cindy Fong (S.6)

Our visit to the primary school

We visited a family who lived in a poor mountain district. They were very excited to take photos with us and asked us to send back the photos to them. Taking photos of their family is a rare opportunity for them.

### Tsung Tsin Christian Academy Service Trip to QingYuan, China

In late June I traveled to QingYuan to join a service trip. It was an absolutely unforgettable and invaluable experience. We taught the children there some simple English and we sang English songs together. We were very impressed because they sang very loudly. They were eager to gain knowledge and paid so much attention in class. They are enthusiastic learners! We also played games with them during the break. Although these were just simple games, we were all happy and we really enjoyed ourselves. I initially joined this service trip because I wanted to serve the children. But I later realized that I gained more than I gave. They brought me happiness and helped me understand how fortunate I am. Every problem has a solution, even the most difficult ones. I am not going to give up when difficulties come my way. These experiences were just beyond my expectation. I loved the trip very much!

Dorothy Chan (S.6)

The students wore their ethnic costumes to welcome us

The little children were focusing on the lessons

# Regular Meetings

19 Sep 2011

Frankie and Creamy shall enjoy a joyous cruise trip aboard the Star Cruise as they won the thoughtful raffle gift from Francis

Pres. Tsubaki thanked Speaker Jay Roberts as he was joined by his colleagues Simon Ng and Cindy Cheung

RBC Wealth Management's Jay Roberts gave us tips about "A Golden Opportunity: Thoughts on the Yellow Metal"
