WILLIAM YIM

## PRESIDENT'S MESSAGE

Dear Fellow Rotarians,

I'm both honoured and delighted to serve as President of Tai Po once again, after a seven-year hiatus since my last term in 2016. As our original PE Gabriel has job relocation and might find it difficult to fulfill the presidential duties, I volunteered to step in as president to minimize disruptions to our succession plans. Like many other clubs, the Rotary Club of Tai Po has been impacted by COVID over the past three years. Our activities have slowed down, and the club was not as lively as before. I hope that, with my modest experience and the support of all members, our club can be rejuvenated and return to its former greatness.

Our annual party on June 17th, themed "Summer Fever," was an excellent kickoff that helped energize our club. The event was a tremendous success, attracting over 240 guests. It was a joyous occasion after a long period of inactivity, and more importantly, we raised funds for our community services for the upcoming term. I must extend my gratitude to all party committee members for their hard work in making the event so successful. I also want to thank our sister clubs, RC Taipei and RC Makati San Lorenzo, for attending. They brought a large group of members to Hong Kong to celebrate with us, and we organized various activities to showcase our hospitality and friendship.

Not long after, with barely a break, we held our Club Installation Ceremony when we had welcomed nearly 120 guests. I'm grateful to all committee members for their diligent efforts in pulling off this event with just one week of intense preparation. At the Club Installation, IPP Danny provided a comprehensive overview of our community services and fellowship events. I then shared some details about our club, focusing on our unique features and outlining my objectives for the coming term, followed by numerous toasts and congratulations. For those non-Rotarian friends who attended the ceremony, I hope they will continue to participate in our activities and events, get to know our members better, and eventually join our big family.

On July 8<sup>th</sup>, we had the District Installation where all the new term presidents were officially inaugurated. Needless to say, it was another significant Rotary event, with almost 900 Rotarians and friends in attendance. Once again, it was filled with laughter and toasts.

The past month and a half have been an intense warm-up for me. In addition to our annual party, club installation, and district installation, there have been numerous Rotary events during this transitional period. Annual dinners, celebrations, trainings, and installation ceremonies happen almost every day. There are even more events to come, and I have a busy schedule, but it is enjoyable.

By the way, let me share my Wish List and objectives for our club in the coming term. I hope to strengthen the bonds among our members, enhance our club's public image, and increase our membership. I believe that with these improvements, we can make a more significant impact on society. I share Rotary International President Gordon McNally's 2023-2024 vision of "Creating Hope in the World."

Cheers!

**WILLIAM**

CLAIRE MAK

## EDITOR SAYS

There is a certain hierarchy in Rotary setting out which club is the MOTHER club, which are BABY clubs, SISTER clubs, OFF-SPRING clubs ... etc. As far as our club, Rotary Club of Tai Po, is concerned, RC Peninsula which *gave birth* to RCTP, is our mother club. Then we boast of having two baby clubs: RC Central and RC SoHo Hong Kong. These are the two clubs which RC Tai Po chartered. RC Tai Po's sister club in Taiwan is RC Taipei, and over in the Philippines we have RC Makati San Lorenzo. For our youth clubs: we have Rotary Satellite Club of Tai Po Companion, Rotaract Club of Taipo and Rotaract Club of Wu Yee Sun College CUHK. Not to mention all the other *extended family* of the same lineage.

Such 'relationships' enable support from the family. There is reason to be closely involved in each other's activities. The way we look at it is that a Club shows respect to its mother club and looks after its off spring clubs and maintains cordial close ties with sister clubs. The harmonious filial piety concept perpetuates the hierarchy.

"Filial piety" is quite deeply rooted in Asian teachings; but different nationalities have different perceptions. Chinese folks have a history of saying that having kids are either for "repaying kindness" 「報恩」 or "repaying debts" 「還債」: which tends to show that there are not many filial children who meet the standard. Teaching filial piety is an important lesson in one's upbringing – do unto your parents/elders as you wish your children do unto you. For how else can a person who is sloppy with his parents ask his children to do otherwise and be respectful and kind? Showing by example is powerful and effective. Hopefully, the next generation will emulate.

Ethical stories (either tragic or comic) happen every day, and you don't even have to try and find from the news. Just go yum cha on a Sunday. Very likely you will see a table seating three generations, all looking indifferent, relatively silent, and mostly with heads bowed, each with a phone in hand. Chinese sees eating together and sharing a meal as a means of "communication". It is a unique local Chinese custom to go yum cha with parents which is considered a most direct way to show filial piety. A couple of decades ago, people would take the opportunity to share gossips or chat about the entertainment. Now gossipy magazines are on the decline, and entertainment seems more and more *age-polarized*. As a result, common discussion topics appear lacking and so does the willingness to communicate. One is usually reluctant to talk about one's own affairs; as for other people's affairs, why bother to talk about at all?

Look at it this way. It is by fate that we get to be parents / children / relatives / friends in this life. It helps a lot for everyone to be sincere and show respect to each other's different personality. Further, innate to Chinese Confucius ideology: almost all Chinese will agree that filial piety is a cultural trait that should be adhered to; and the old saying, "Filial piety is the first among 100 virtues", will never be out of date in the Chinese society. Just love each other and love your family ... peace and understanding won't be far away.

Back to Rotary Clubs. RC Tai Po usually turned up in numbers at mother club's and baby clubs' significant events. We also almost never fail at visiting sister clubs (pandemic restrictions aside). At our recent Annual Party, we were very blessed to have received substantial support from RC Makati San Lorenzo who came in a big delegation and members of the 2 clubs shared some really fun time together. RC Central also subscribed one table at the Party. However, the rest of the family do not appear as enthusiastic. The worst is that our satellite members were nowhere to be seen. Well, if it is our fault, then we have some serious introspection to do. If not, could it be some filial piety problem?

**Paul Harris 711 Club**

From RI website

**Paul Harris 711 Club**

PETER LAM

**O**n 23 February 1905, Paul Harris met with three acquaintances in Room 711 of the Unity Building in Chicago. Their purpose: to start a club based on “mutual cooperation and informal friendship.” this important social issue of mental health which might have become worst after the pandemic. Let us look at a new Rotary club in the US, which is one of the first caused-based Rotary clubs to focus on mental health and wellness.

As they sat talking in Gustavus Loehr’s office, these men could hardly have imagined the historic significance of their meeting. For Harris (lawyer), Loehr (mining engineer), Silvester Schiele (coal dealer), and Hiram Shorey (merchant tailor), this club, which they named “Rotary,” simply offered a chance to have a little fun while making new business connections.

But that one club soon became dozens, and then hundreds, and finally thousands — with millions of members providing immeasurable humanitarian and civic service around the world. And as Rotary grew, Rotarians came to fully appreciate the significance of that first meeting in Loehr’s office. In 1980, the Rotary Club of Chicago rented Room 711 and gathered period furnishings and fixtures to re-create the look and feel of an early 20th-century office for Rotary’s 75th anniversary.

In 1983, 22 Rotarians formed the Paul Harris 711 Club to maintain the room as a Rotary landmark and heritage site. When the Unity Building was scheduled for demolition in 1989, the 711 Club made arrangements to remove the doors, radiator, ceiling lights, and furniture, and temporarily reconstructed the room at other Chicago locations.

In 1992, Rotary International agreed to host a reconstruction of the room at One Rotary Center. Originally constructed on the 16th floor in 1994, the room was relocated to the first floor in 2014. Thousands of visitors to Rotary’s world headquarters have explored Room 711 and experienced the environment of that historic meeting.

To visit the reproduction of Room 711, there is a Guided Tour at Rotary world headquarters in Evanston, Illinois where Rotarians can book online to visit.

In fact Rotarians can all help preserve the birthplace of Rotary – become a lifetime member of the Paul Harris 711 Club. In addition to its efforts to preserve Room 711, the Paul Harris 711 Club helps to support Rotary’s archives, which provides access to Rotary artifacts, photographs, and documents. These materials are used in exhibits, stories, and research that celebrate and share Rotary’s rich history. We can help sustain Room 711 by contributing US\$100 to become a lifetime member of the Paul Harris 711 Club. As a member, we will receive a certificate, lapel pin, and Room 711 souvenir key.

## Fellowship with Sister Clubs – Pre-Annual Party

16 June 2023

Peter Lam

As usual to welcome our sister clubs visiting us, this time to join our 32<sup>nd</sup> anniversary party, we have organized various activities to offer our best hospitality to our overseas guests. This year our sister club RC Makati San Lorenzo's delegation consisted of 16 members led by their President Nikki and PDG Cha-cha while RC Taipei had 5 led by VAG (Vice AG) Ampo Tsai, PP David Lin (Furniture) and PP Dennis Liao (Building). From the smiling faces and good comments from our guests, they all seems to have enjoyed greatly and we were glad to strengthen our friendship. Let's see how all the activities unfolded and relive some happiness by checking out the photos!

### Welcome at Airport and Lunch, Friday 16<sup>th</sup> June

Delegates from RCMSL arrived in two groups in the morning met by President Danny, PE/PP William, Bebe and PP Peter at the airport. While we were busy taking care of RCMSL guests' arrival, PP Tsubaki had organized golf at Fanling club with RC Taipei Ampo, PP Frankie and PP Simon Chan (RC Peninsula). Despite the pouring rain that morning, I was amazed to learn that they completed the full 18 holes game! Big thanks to Tsubaki again for hosting the happy hour at KCC pub for our Taiwanese guests including Pres. Angel and PP Jeff and Tom from RCT Diamond.

### Welcome Dinner, Friday 16<sup>th</sup> June

Time for full scale fellowship! Our welcome dinner was held at Club One The Victoria 維港皇宴 in Tsimshatsui East. Pres. Danny and DAG Sally had to attend our baby club RC Central's annual dinner

and so had missed the fun but we were glad to "welcome back" PP Wilson Lam, Frankie & Creamy to help entertain our guests. Before dinner had started, PP Claire kindly handed out her gifts to our guests. PP Peter must have been too "excited" to meet RCT old friend Ampo & David and helped finished 3 bottles of whisky and ended up forgetting to hand out the polo shirt gift from PP Maridel to RCTP members. Thankfully, PP Wilson Lam took them and had returned to us! After dinner, PP Peter walked RCMSL guests back to Mira hotel where most were staying and some went shopping nearby on their way.

## Fellowship with Sister Clubs – Post-Annual Party

18 June 2023  
Peter Lam

Visit to Stanley Market, Repulse Bay, The Peak, 大埔慈山寺, 林村許願樹, 大館 Tai Kwun old police headquarter, Jumbo Floating Restaurant . . . were some of our past post-annual ball activities with sister clubs' guests. So, what's next? Here's what I came up with and thanks to the big support from many members and spouses, we showed good hospitality and gave our overseas guests favourable memory of this trip!

### Dim Sum Cruise, Sunday 18<sup>th</sup> June

The Dim Sum cruise was scheduled for 13:15. The yellow rain storm in the morning made our original plan to stroll Avenue of the Stars (星光大道) or dropping by K11 Musea Mall and 1881 Heritage impossible.

So, we went straight to Tsimshatsui pier near the monumental old train station clock tower and waited to board the cruise.

We boarded the junk boat Aqualuna 張保仔號 and the cruise included dim sum lunch nicely presented to us in a wooden junk boat container. Not a big feast but the Dim Sum like siu mai, spring roll, egg tart plus fried rice for lunch with beer during the one-hour cruise round Victoria Harbour was sufficient to let us relax and enjoy. The Tsingtao beer was actually a special Father's Day bonus that day! For those RCTP Rotarians who did not join us, please note that instead of the usual RCTP polo shirt, most of us purposely wore the White/Red Polo shirt with two clubs' logos given to us by PP Maridel . . . 識做啦!

While the morning storm did ruin some of our sightseeing plan, the sighting of the Giant Yellow Ducks 黃鴨 which happened to be on their final day to parade in Victoria Harbour was a nice bonus for us! How lucky that the big storm ended on time before we boarded the junk and the weather was relatively fine with no rain at all throughout our cruise which gave us very good experience and all had enjoyed the trip!

**Palace Museum Visit, Sunday afternoon 18<sup>th</sup> June**

After the cruise, our next destination was Hong Kong Palace Museum 故宮博物館 and we were glad that PDG Kenneth Wong joined the tour. I had allowed about at least one hour for the tour but our guests seem to prefer “走馬看花” so many of them finished early and went for tea at the ground floor noodle bar while some went to check out the souvenir shop. As we started tour much later than scheduled, we skipped my original plan to walk around West Kowloon Art Park and coffee break nearby. Under this hot weather, it does take lot of energy to walk around the West Kowloon Park and surrounding area so I guess it was better to keep our visit short.

**Farewell Dinner Sunday 18<sup>th</sup> June & Farewell Lunch Monday 19<sup>th</sup> June**

Our farewell dinner was held at the Skyline Banquet Hall (海天宴會廳) in Lei Yu Mun which was in fact the same venue we had dinner with sister clubs in June 2016. Good that we arrived around 6pm so it was still bright outside and we had chance for photo taking at entrance of seafood street. Thank you, Bebe, for guiding PP Maridel and others to the snack stalls to purchase those

Chinesetraditional snacks like 花生酥, 雞仔餅 on our way to the restaurant. We must also give thanks to CDS Natalie's better half Lawso who carried the big boxes of wines to the restaurant which was some 10+ minutes' walk from parking lot. 辛苦晒 Lawso! The venue was very spacious with good seafood so I guess it was worth the long walk down the seafood street!

Altogether there were 37 attendants which included the Mongolian VP Soko of RC Ulaanbaatar and her two kids invited by William. Glad PP Tsubaki joined us after taking RC Taipei Ampo and Eva to airport in the afternoon. Besides from wine and whisky, we also had Chinese white wine brought by PP Peter. Good to see DAG Sally too although she arrived late

but did not miss the fun part at the end which was the karaoke singing and there was even some dancing led by PP Jimmy which our RCTP ladies participated too! There were many good oldies tunes by both club singers and RCTP wrapped up with the group song of "Friends" 朋友 although our guests might not understand what we were singing?!

Our dinner party ended around 10:00 pm and the next day Danny, William, Bebe and Peter had yumcha with our RCMSL guests at Tsui Hang Chuen Restaurant before taking them to Airport Express Station for departure. Some of them stayed behind one more day. Glad they loved the Dim Sum, especially the thick Cha-siu (厚切叉燒)! See you again RCMSL & RCT good friends!

## Final Meeting for RY 2022 to 23

26 June 2023  
Danny Lau

On 26<sup>th</sup> June, as my time as President of the Rotary Club of Tai Po draws to a close, I find myself reflecting on the unwavering support and camaraderie that I have been fortunate to experience throughout this past year. It has been a privilege to serve alongside all of my fellow Rotarians, and I am grateful for the many opportunities we have had to give back to our community and make a difference in the lives of others.

During our final Regular Meeting of the 2022-2023 Rotary year on June 26<sup>th</sup>, I took the opportunity to express my heartfelt gratitude to everyone in the club for their commitment and dedication to our shared mission. As a small token of my appreciation, I prepared tea bags for everyone, each adorned with a special message that reads, "Thank you for having my back!" This little gift was a simple yet meaningful way to acknowledge the support and encouragement I have received from each and every one of you.

In recognition of Salina's tireless efforts as our executive secretary, I also prepared a special home decoration for her—a hanging "Air Plant" that has air-purifying properties. This low-maintenance plant is not only a beautiful addition to any living space but also a symbol of our gratitude for her exceptional work and dedication to the Rotary Club of Tai Po. As a testament to her organizational skills and attention to detail, Salina has played an invaluable role in the success of our club's many initiatives and events.

Furthermore, I would like to extend my thanks to President-Elect William for the thoughtful gift of a music speaker. As my tenure comes to an end, I look forward to finding some time to enjoy music, unwind, and recharge in preparation for new challenges and opportunities. The gift of music is a powerful reminder that we can always find solace and inspiration in the melodies and rhythms that bring us joy and comfort.

As the time approaches for me to pass the baton to PE William, I am filled with a sense of optimism and hope for the future of our club. Under his leadership, I am confident that the Rotary Club of Tai Po will continue to flourish and make a lasting impact on our community. I look forward to joining you all as we come together to provide even more community service in the year ahead, united by our common goal of making the world a better place.

Once again, I would like to express my deepest gratitude for the support and friendship I have been fortunate to experience throughout my time as a P. The memories and accomplishments we have shared will forever hold a special place in my heart. Thank you, my fellow Rotarians, for your unwavering commitment to service and for the honor of serving alongside you.

## Rotary Club of Tai Po Club Installation

3 July 2023

William Yim

Just three weeks after our annual party, the club installation ceremony took place at the Regal Kowloon Hotel's Versailles Ball Room, a truly elegant venue. We extend our gratitude to Past President (PP) Natalie for her thoughtful arrangement. The primary committee chairs. Another key goal was to showcase our club's unique features to the attendees, which included our own members, other Rotarians, and potential members.

Our club is known for its spouse and family participation, award-winning status, active district services, outstanding community services, and, most importantly, the strong relationships among members. We always maintain a cheerful and pleasant atmosphere during our club meetings. It was incredible to have 120 guests attending the event upon only one week's notice. Among them were some potential members. We also received support from numerous Rotary leaders and future leaders, including District Governor Andy Li, and many past district governors such as PDG Jones Wong, PDG Eugene Fong, PDG Ada Cheng, PDG YC Ho, PDG Eric Chin, PDG Eric Chak, PDG Anthony Hung, and PDG Kenneth Wong. Governor-Elect Nigel Lo also attended.

We thank PP Wilson Woo for serving as our Master of Ceremony. He delivered the welcome address and introduced the guests professionally. This was followed by a video recording featuring a short speech by Immediate Past District Governor (IPDG) Norman Lee. Next, Immediate Past President (IPP) Danny presented his president's report, introducing each of our community service projects and fellowship programs. This provided a better understanding of our club's values for all guests, especially potential members. Most guests were amazed by the work our club had accomplished over the last term and gave IPP Danny a resounding round of applause.

A simple yet solemn presidential collar handover ceremony then took place. The collar was removed from IPP Danny, passed to the IPDG's representative, then to the District Governor, and finally placed around my neck. I felt a mixture of excitement and a tremendous sense of responsibility to our club. It will be a 12-month commitment. Wow!

I delivered a brief speech highlighting our club's unique characteristics and features, as well as my dedication to the club. I was thrilled by the enthusiastic response from the audience, who applauded in waves, again and again. It was a truly touching moment.

In addition, we held the Satellite Club Installation for their new board. We were delighted to send our warmest congratulations to their incoming president, Jodhy Mak. Jodhy is an orthopedist who joined Rotary first as an Interactor, then as a member of our Rotaract Club of Tai Po. She was also a charter member of our Satellite Club of Tai Po Companion. We feel truly fortunate that she volunteered as club chairlady, despite her busy schedule as a professional and a mother.

The installation concluded with plenty of toasting, blessings, and laughter. As one might expect, many guests and members enjoyed themselves to the point of inebriation.

## 2023 District Installation

8 July 2023

K F Tam

On July 8<sup>th</sup>, the Rotary Club of Tai Po attended this year's District Installation, which was the largest event since the pandemic with over 80 tables held at the HK Convention and Exhibition Centre in Wan Chai. The event was a great success, with many distinguished guests and members from different Rotary clubs in District 3450 attending. Apart from PDG Kenneth who sat at the Head Table, over 12 members/spouses from our club participated, including our incoming and outgoing presidents.

The highlights of the event were the March-in of all the incoming and outgoing club presidents, including our own, and the handover ceremony between them, which was very impressive. Our Immediate Past President Danny passed the collar to our new president William, along with the other club presidents, signifying the transfer of leadership and responsibility to the new team.

Outgoing Governor Norman Lee reviewed service projects in the past year, which made us proud to be part of the Rotary movement in Hong Kong. Rotary clubs have helped many people in need and organized many activities to help the community, and we are honored to be part of this great organization.

Incoming Governor Andy Li talked about the important mission of Rotary this year. The goal was very clear and all the club members shall share the same goal for this year. In addition, Mr. Andrew Leung Kwan Yuen, GBM, GBS, JP was the keynote speaker who shared his insights and experiences with us, inspiring us to do more for the community.

We are proud of our club members' achievements and contributions to the event. PP Natalie won the Best District Secretary award, which was well-deserved; and our PP Sally was also one of the MCs and she was very professional.

Finally, DG Andy Li led all the club presidents to sing and dance, and everyone had a great time. The event was not just about business and formalities, but also about building connections, having fun, and enjoying the moment. We met many old friends from Rotary on this occasion, taking photos and leaving memories. The event ended before 10 pm, which was very meaningful and worth remembering.
