

SALLY LUK

PRESIDENT'S MESSAGE

Dear Fellow Rotarians,

Oh, my goodness! This comes to my last presidential message in Tai Post for the year 2020-21. Big Congratulations to our Editorial Team PP Claire and PP Peter in making this Monthly Bulletin another year of success. This is what we experienced in RCTP throughout the past one year: playful, adaptable, creative, and contributive. We seized every opportunity to meet and connect each other according to social distancing measures. We continued to hold regular meeting every week: 50% virtual and 50% physical. We were creative in sponsoring a new satellite club and moving forward to use more digital platform. We completed a total of 7 local service projects, 4 joint club projects and 2 Global Grant service projects. We attained one of the highest membership growth in the District. What's more? Our club member vaccination rate is more than 80% and we are now being recognized as "V-Club" by District 3450 Health Committee. Let's influence more people to get the jabs and make the herd immunity effective in the community. Together we are much stronger!

I am very grateful to have the privilege to take the lead and have learnt a lot during my presidency. Thank you very much my Board Members and Club Officers. Nothing is possible without your tremendous effort and continuous support. It was my great pleasure to start our 1st Board Dinner Meeting at Murray Hotel and end our last Meeting at PP Louis' Private Boat with Sunset.

I will never forget our longest yet fruitful Online Board Meeting – Thanks so much for bearing with me for 3.5 hours Marathon on Zoom!

Finally, I would like to extend my heartfelt gratitude to all RCTP members including CP Donald and Honorary Members for your enthusiasm and participation. As we are going to celebrate our Club 30th Anniversary very soon, may I ask you to join me in congratulating our Incoming President Wilson Woo and his team in leading us on a wonderful Rotary Year ahead?

With loves,

Sally

P.S Regrettably, our Annual Ball "Beauty and the Beast" was finally cancelled. I would like to express my deepest appreciation to the Ball OC members for all your hard work last year.

One of the important messages from the theme is: **True Beauty comes from within.** This may be a good idea to keep this theme always in our heart.

EDITOR SAYS

CLAIRE MAK

I can hardly believe that we are already reaching the end of this Rotary year. For a large part of this year, we had been meeting online; but thanks to Pres. Sally’s tenacity, we managed to carry on regular and constructive meetings during the pandemic.

The RCTP WhatsApp Chat group is an active platform for members’ communication and discussion; whereas the other WhatsApp Group for “RCTP Meetings” has shriveled to almost non-existence since last October. In its stead, members are adapting to using the RCTP App for details of and registering for events. Gone were the days when members had to copy and paste, copy and paste again to sign up for events. It is hoped that this adjustment can be more wide-spread and better received.

Getting back to the RCTP WhatsApp group. When members chatted, there were a lot of information flowing around: informative messages, promotion of latest events, personal or forwarded opinions, photos, charts, videos, greetings, birthday wishes, reminders ... all sorts ... and without much sanction. Self-discipline among members is the only guard against abuse.

The adage “Seeing is believing” used to work in the manner that “you believe when you see a photo of the matter有圖有真相”. Later on, after the “Bus Uncle” incident, the saying changes to “you believe when you see a clip of it 有片有真相”. These days, however, it is easy to fake both photos and video clips so we have gone into an era of fact-checking. What happens now seems to have mixed facts with fabrication and the truth becomes difficult to discern. Aggravated by irresponsible media publication when readers are fed with only what they like to read, it is more and more difficult to form an impartial view based on independent/informed raw data.

Indeed, the question “Have you fact-checked it?” seems to have brain-washed us. When I come across a news item or a statement, it is inevitable that I start by questioning whether it can be believed. Even my Dad had been heard asking, “Any proof that the organic vegetables are really organic? Or are they simply passing off as such in order to charge for more?” He is in fact asking: is there any means to fact-check?

Before you forward any information into the RCTP WhatsApp chat group, or indeed, any chat group, please check whether your information is accurate. It does little to help even if you premise the information as “not yet fact-checked”. If you harbour any doubt, the best policy is not to forward it out.

While it is still too early to tell when we can resume international travel, especially to Europe which was hard hit by the pandemic, let's keep up our hope and passion; and the next time you are in Italy, consider checking out this new English Speaking Rotary club . . . They meet on Monday night so maybe do a make-up there?

ROTARY INFORMATION

PETER LAM

No place like Rome Rotary Club of Rome International

From Dec. 2019 issue of Rotarian Magazine

"Living in Rome is like living in an open-air museum," says Elise Paul-Hus, a member of the Rotary Club of Rome International. A few minutes later, she points out a building that once housed Roman baths and was later transformed into a basilica. "The interior was designed by Michelangelo," she says. It's a warm July evening, and members of the Rotary Club of Rome International — an English-speaking club with many expatriate members — are enjoying another of Rome's open-air delights: dinner on the terrace of a polo club where they meet one Monday evening a month. The club is in a quiet part of Rome, away from the crowds of tourists spending their summer vacations in the city.

Guido Franceschetti, a longtime Rotarian who founded this club three years ago, recommends the *cacio e pepe*, a traditional Roman dish. After a waitress brings a bowl of spaghetti coated with pecorino cheese and flecks of black pepper, Paul Redmond, a Scot who has lived in Rome for 14 years, notes that the dish is deceptively difficult to prepare well. Despite appearances, there's no cream in it — the starch in the pasta water combines with the cheese to create the sauce. "The trick is to get the ratios right," he explains. While the polo club is an idyllic setting, Marcella Checchia, one of the club's Italian members, says the group, which meets twice a month, prefers not to be constrained to one location. "There are so many beautiful places to eat in Rome," she says.

Flexibility is one of the club's defining features. "We take our members' needs and desires into account to build a club that accepts anyone, of any culture, and allows them to be a part of the Rotary experience in a way that works for them," says Jennifer Lepscky, the club president, who describes herself as half-American, half-Italian. "Some of our members are diplomats. Some work for the UN. They may not be able to make every meeting, but then they come back and we learn about their fieldwork, and it makes us a better club. We learn about the state of the world and get new perspectives."

"Many clubs in Italy are very traditional," explains Franceschetti. "I wanted to start a club that was different." He also saw the need for an English-speaking club in Rome: Because of his role as one of Rotary's representatives to the United Nations, his social circle includes ambassadors and diplomats. He thought they were perfect candidates to join Rotary, but each time he asked, they would hesitate, because his club's meetings were in Italian.

Noting that Rome is the headquarters for the UN's Food and Agriculture Organization and its World Food Programme, Franceschetti says, "I thought, 'How do we not have an international club, in English?'" He suggested the idea so many times that finally a friend challenged him to start such a club himself. Today, Rome International has 31 members from nearly a dozen countries, including Canada, Colombia, Iceland, and Russia.

The club offers a sense of belonging that Redmond says he had been looking for as an expat. "Rome is a very old culture, which is good in the sense that it preserves the things that are important," he says. "But it can be difficult to break in if you don't know the language or the culture."

As dinner rolls from one course to the next, the group begins swapping stories about working abroad. Elise Paul-Hus is originally from Canada, but her work as a lawyer has taken her to Tokyo, Moscow, Dubai, Abu Dhabi, and now Rome; she speaks seven languages. Lepscky shares a story about observing Ramadan as a sign of respect while working in Lebanon, and Paul-Hus nods in understanding: She did the same in the United Arab Emirates.

The diversity of backgrounds and cultures at the table makes for fascinating conversation, and Lepscky says that during her year as president, she hopes to continue building connections to other cultures and reaching across borders for projects. Using her background in marketing and communications, she plans to launch a digital ad campaign to solicit donations for the club's two primary service projects. The first, called *Ambiente Amico*, supports a program to train local young people for jobs in sustainable agriculture and ecotourism in partnership with the World Wildlife Fund. The second works with a nonprofit called *Link* to provide educational opportunities for girls in Ethiopia. Redmond facilitated a partnership with the Rotary Club of Edinburgh in his native Scotland for this project. The club also sponsors an *Interact* club.

"I've always thought that the international side of Rotary is a rare and valuable quality," Franceschetti says. "Anywhere you go, you can sit in a Rotary club meeting as a member, a friend."

FLASHBACK

A look back of our club's past activities by topic

Our Ladies at our Regular Meetings

Our ladies plus PP Frankie holding 揮春 at 5 Feb. 2018 meeting in KCC. The meeting was 10 days before Chinese New Year and featured talk on Imperial Cuisine 滿漢全席.

Our three Rotaryannes congratulating newly inducted member Christie Lin Zheng at the 21 Jan. 2019 Reunion Dinner at 陶源酒家 in iSquare, Tsimshatsui. Too bad Christie has never been an active member and her membership did not last long.

Our ladies plus CP Donald receiving Rotary umbrella gift from 2014-15 President Natalie at 19th Feb. 2015 meeting in Royal Garden Hotel.

At 8 Aug. 2016 meeting in KCC with keynote speaker RCHKNE President Dr. John Wong about the District CPR (Cardiopulmonary Resuscitation) Education Project.

At June 27, 2011 meeting in Royal Plaza Hotel which was the last meeting chaired by 2010-11 President Frankie Wu. So many Rotaryannes turned up to support.

This was our 1,000th meeting at Royal Plaza Hotel on 18th Feb. 2013. Many former members like PP David Loie, Wilfred Kam & Brenda, Gorman Ngai and Justin Harkiewicz also joined this big party to celebrate!

Wedding Banquet of Karyn & Tony

19 May 2021
Claire Mak

19 May 2021 is Buddha's birthday and a public holiday. For RCTP members, Satellite Club of Taipo Companion and RAC TP Rotaractors, it is the happy occasion for Tony Luk and wife Karyn to host their wedding banquet.

Tony and Karyn organized 3 rounds of celebration at the Grand Ballroom, Hilton Garden Inn Hong Kong so as to treat all friends and relatives. We were the 'lunch slot' and caught the lovely couple at their most alert and energetic.

Videos and photos taken on their wedding day in February were displayed and a sumptuous meal was served. The sweet couple delivered heart-felt greetings and vote of thanks and also did their rounds of toasting. It was a lovely and loving Banquet. May Tony and Karyn be truly blessed with marital bliss and, like the MC said towards the end of the banquet, we hope to celebrate with them again soon when their marriage bear fruits!

The 11th Hong Kong Bowling Tournament For All cum The 10th Hong Kong Blind Bowling Tournament

23 May 2021
Danny Lau

Bowling is a fun and popular sport that is widely played - even in the visually impaired community. It is difficult to imagine how to play this target sport with limited or no vision - it is even more challenging to roll the bowls with weak or no eyesight. Co-organised with Rotary International District 3450 and Hong Kong Blind Sports Federation (HKBSF), the Hong Kong Bowling Tournament For All cum Hong Kong Blind Bowling Tournament allowed me to understand more about the visually challenged people.

Despite not being an avid bowler, this was not my first time joining this bowling tournament. In previous years, I had enjoyed playing bowling with my fellow Rotarians / Rotaractors, their families, and the visually challenged bowlers. This year was no exception. Our club formed three teams: I teamed up with P William and Rotaryanne Bebe. In another team, we had Ryan who is CM Yu's son, Alaric who is William and Bebe's son and his girlfriend Flora. The third team consisted of Argus, the youngest son of William and Bebe, and the two wonderful blind bowlers. In order to experience how people with visual impairment play, we had to be blindfolded to roll the bowl in the first round. It was tough and tricky. Even with perfect vision, sometimes we would roll the bowl straight to the gutter and not hit any pin. But we just have to keep on trying. The experience really reminded me to work hard and never give up - we will get better after each round.

The annual tournament aims to boost the self-confidence of the visually impaired community, to encourage them to contribute to society and thus facilitate social integration by promoting the principle of "Equal Participation and Sports for All". In preceding years, the event was held during the early months of the year. This year, despite the profound impact of the pandemic on all aspects of our life, the game was hosted smoothly on 23 May 2021 in South China Athletic Association, Causeway Bay. My gratitude to the organisers and everyone who made this meaningful event successful. Special thanks to PP Peter who took pictures for us and PP Patrick who came to support us.

Rotary District Golf Tournament

4 June 2021
Jacky Sung

After four months of postponement due to COVID-19, District Golf Tournament 2021 finally took place on 4 June, 2021 at the Hong Kong Golf Club (Fanling). This is definitely one of the most popular annual events in the District, having been fully subscribed soon after its announcement. Thanks to our President Sally, she managed to register a flight for RCTP. Our RCTP team members included PP Frankie, PP Peter, PP Jacky, and PP Tsubaki as the team captain.

On 4 June, registration started at 7:00 am. Each player received a goody bag and an event polo shirt. As usual, the handsome polo shirts were sponsored by our PP Peter. Before the game, we were so glad to run into PP Matthew in the Golf Club restaurant, who happened to play golf with his friends there on the same day. PP Matthew generously treated us an awesome breakfast.

After a kick-off ceremony and group photograph taking, we teed off at 8:30 am. The weather forecast showed there would be an 80% chance of thunderstorm. We were worrying that the bad weather might affect our game. Luckily, the heavy rain only lasted for about 10 minutes, so we could still enjoy the game and finished it on time.

A buffet lunch was then served, followed by a prize presentation. What a wonderful surprise to our RCTP team, we got second runner up (Net score). The team would like to extend our biggest thanks to the strong support from President Sally and the great leadership of team captain PP Tsubaki. We are all looking forward to the next District Golf Tournament in Year 2022.

14th INTEROTA

Held ONLINE during 5 - 9 June 2021

Claire Mak

The triennial worldwide Rotaract convention, INTEROTA is highly recognized and supported by Rotary International. It had been held in South Africa, Australia, England, Turkey, Mexico, Brazil, Germany, South Korea, Egypt, Canada and Taiwan. This year, the 14th INTEROTA was hosted by District 3450 in Hong Kong. Postponed from last year due to the pandemic, we finally have it held on-line this June. Highlighted below are memorable aspects of the convention which marks the concerted effort of our Rotaractors in making a dream come true.

House of Friendship on 5 June (Sat)

The House of Friendship enabled members from different countries to share their unique cultures and fun facts. For instance, the aged counting by anima pieces (花碼字) was introduced and using them, members were asked to read the prices for different Hong Kong well-known snacks. Conducted as an interactive session, everything became lively and interesting.

Opening Ceremony on 5 June (Sat)

The official opening ceremony comprises the inevitable addresses from distinguished guests, welcome performances and keynote speeches. **RI President Holger Knack** and **RI Director Surgeon Liu** graced the event. Our own DG Eric Chak, Steering Committee Chair IPDG Wilson Cheng, DRR Alan Yip and most importantly, event Chair PDRR Lok Chi delivered encouraging speeches.

More notably, after all the welcoming speeches, keynote speaker **Ms. Katharina Unger**, Founder of Livin Farms shared with us how she promotes sustainability through food and agricultural innovation. Well, seems like eating worms is viable but it has to be suitably presented and marketed. What then followed at the Opening Ceremony was a series of performances from all the different districts: there were a lot of singing (solo or in groups),

band music and dancing. Less common are yo-yo playing, zither performance, harp performance, saxophone ... etc. and even kids' greetings. Definitely a great show of talents!

Rotary Opens Opportunities Forum on 6 June (Sun)

As a platform for exchange of ideas, the **Future of Rotaract** and **Future of the World** form the basis of discussion sessions.

Moderated by our District's Stephen Ho, the Panellists include

- Joey Vaesen (General Secretary, Big West Rotaract)
- Louie Boy De Real (Chair, Filipinas Rotaract MDIO; Incoming Chair, Asia Pacific Rotaract MDIO)
- Mafalda Sofia Luis (President, ERIC (European Rotaract Information Center) MDIO)
- Samantha Fewster (Chairperson, Rotaract Australia MDIO)
- Yatin Sehgal (President, Rotaract South Asia MDIO)

Panel speakers from the wide spectrum representing different parts of the Rotaract community led meaningful discussions on how to 'Elevate Rotaract'. Even **RI President Holger Knaack** joined the discussion. He sort of apologizes for not effecting changes to Rotaract soon enough. The main theme which permeates the speeches are the need and oportune moments to change.

Interota Academy on 6 June (Sun)

This programme was divided into two parts. The first part is '**Connectious**' - combining 'connection' and 'us'. Participants from all around the world shared their passion and their Rotaract clubs' visions. The initial warm-up session was interestingly conducted. Questions were asked for a poll to be done followed by some solid facts and figures about Hong Kong and/or the world situation. Informative and enlightening indeed.

The second part is entitled '**What the world should be**'. By way of role-play, members took on different stakeholders' role to think of the needs and difficulties from a variety of perspectives. While it was a lot of fun, participants also obtained a holistic view of the global issue, thereby made to reflect on each one's connection with the world.

Close **Chat**
"Let's start with a warm-up session."

There will be 8 quick questions which are related to the discussion later. Each question offers you TWO choices with no absolute right or wrong answer. You will have 10 seconds to pick the choices you prefer."

Background information:
Over 6,300 animals are being euthanized (or mercy killed) annually (by the Agriculture, Fisheries and Conservation Department) in Hong Kong.

Close **Chat**
percentage of men agreeing with this statement was higher than that of women - 73% for males and 71% for females.

From zoom announcement to Everyone
Background information:
Minimum wage in Hong Kong is USD 4.84 per hour. HK employees on average work 50.1 hours per week, the highest among 71 cities, a survey conducted by UBS (, a banking group in Switzerland) suggested. The hours a HK employee typically works are 38% more than the global average of 36 hours and 23 minutes.

Cultural Workshops on 6 Jun (Sun)

Cooking Class

CP George Wong hosted the Cooking class and demonstrated two dishes which are well received amongst Hong Kong people: 1) Yeung Chow Fried Rice and 2) Satay sauce stir fried beef with Kai Lan.

Cultural Night on 7 June (Mon)

Cultural night combines showcasing talents and unique cultures from around the world together with raising awareness and making contributions to local approved charitable organizations. Participants dressed up in traditional costumes of their country or culture. Funds raised was later spent on the community. List of Hong Kong Charitable Organizations: 1. Food-co (saving and sharing food for the poor) 2. Feeding Hong Kong (Rescuing food and redistributing them to the needy) 3. House of Joy and Mercy (Helping street dogs and cats) 4. People Service Centre (Serving the grass-root family) 5. YWAM Hong Kong (Serving the grass-root family and street sleepers) 6. Soap Cycling (Serving the ethnic minority) 7. Helping Hand Association (Serving the elderly).

PEACE 2020 Marathon on 8 June (Tue)

Worldwide Service Challenge
 #InterotaLevelUp #SayNoToPlastic
FIVE Challenges:
 1. Bring your own bottles/ utensils
 2. Bring your own shopping bags
 3. Separate disposal of recyclables
 4. Uprcycle of the product wrapping
 5. Share the most useless plastic wrapping
 #SayNoToPlastic
 #LevelUpWithPlastic (Level Up the World)
 #Interota2020HongKong | Peace 2020 Service Marathon

Hong Kong Tour (Virtual) on 8-9 June (Tue-Wed)

To enable participants to understand Hong Kong like a local, virtual tours were organised bringing to the screen first-hand experience of the local specialties - as if one actually toured around Hong Kong physically. We were brought to stroll around 3 places:

Shamshuipo

Central

Tai O

Clubhouse on 8-9 June (Tue / Wed)

'Clubhouse' is a trendy platform where people around the world come together to talk, listen and learn from each other in real-time. Guest speakers shared interesting topics about Hong Kong and unveil their perspectives.

Panel 1 on 8 June (Tue)

On the topic **"Kindness is Colour Blind - Serving the Community with Down-to-earthness"**, three down-to-earth speakers **Jeff Rotmeyer** (Founder, ImpactHK), **Father John Wotherspoon** (Founder, MercyHK) and **Faby Ruesga** (Director, YWAM HK-Tuen Mun) shared with us their commitment in fighting poverty in the city and insights on local servicing. They came and stayed in Hong Kong for different reasons, and are here to serve the underprivileged and the homeless.

Panel 2 on 9 June (Wed)

3 speakers: **Ester van Steekelenburg** (Urban Planner, Founder, iDiscover), **Sampson Wong** (Urbanist, Artist and Co-founder, "When in doubt, take a walk") and **Heiward Mak** (Filmmaker, Scriptwriter, Film Director, "Let it Ride") shared with us on the topic **"Travel Like a Local - Exploring Hong Kong from a Non-touristy Perspective"**. The session started with a poll on what is representative of Hong Kong. Buildings? Parks? Then three speakers walked us through different corners of the city introducing them through the stories and history behind the places by hand-drawn maps, phone apps and digital videos etc.

Ester produces phone apps to assist anyone who would like to explore a place through the lens of locals. She said her team listens to real life stories, find out and record where locals eat, where and what they play while at the same time, let users explore to 'get lost without getting lost'.

Sampson produces videos as a virtual guide to encourage people to take their own walk to discover a place for themselves.

Heiward Mak films Hong Kong through the lens of a taxi driver who passes through every corner of Hong Kong and meeting people from all walks of life. A perspective different from that of a usual tourist.

Closing Ceremony & Interota 2023 Bidding on 9 June 2021 (Wed)

Before Closing, PDG David Harilela introduced The One project, explaining what made him launch this humanitarian recognition project, how he is expanding it and what it means for young people. Past good deeds award winners were cited as examples.

At the closing ceremony, a recap video capturing all the unforgettable moments during Interota 2020 Hong Kong was shown. Thus everyone was able to relive their extraordinary experiences during the 5-day programme. It was also announced that the next Interota (**Interota 2023**) will be held in Tunisia. Even though there is only one candidate, the Tunisia team was given time to showcase a promotion video which captures all the enticing features of this next Interota. After congratulatory speeches given by **RI President Holger Knaack**, **District Governor Erik Chak** and **Chairlady Lok Chi Tsang** and upon **DRR Alan** ringing the bell and declaring Interota 2020 HK close, the 5-day event reached a satisfactory closure. Chairlady Lok Chi also packed up the Interota stuff and passed them on to next Chair PP Mohamed Amine to signify the passing of the host baton. Till 2023 then!

REGULAR MEETINGS

17 May 2021

VP **Danny** was given, belatedly, his **medal** for completing the Rotary Ultramarathon.

VP **Danny Lau** greeted our **guest Stanley Sy** who was visiting our club for a second time, and not counting the time he was our speaker.

PDG **Kenneth** gave out a bottle of red wine with a plateful of cheese and dried fruits to go with it for raffle draw. IPP **K F and Trix** claimed their prize.

This was the 3rd time **PP William Yim** spoke to us about innovations. On the topic “**A name card size COVID19 laboratory**” he explained to us how his ALiA BioChip achieves revolutionary changes with its unique and proprietary microfluidic and microarray technologies. ALiA delivers multiple results in 15 minutes! It thus forms the platform for a wide range of tests, such as viral and bacterial infections, toxin testing, allergen screening, drug screening, etc. and COVID-19 included. Of course, William does not lose sight of the practicalities of inventions and how the market performs.

William's talk generated a few **questions** from those in the know including Dr. CM, PDG Kenneth and PP Louis. William provided answers one by one including showing off one of the chips.

Members followed the social distancing guidelines at this dinner meeting.

24 May 2021

16 of us attended the meeting and we were able to all sit comfortably at a socially distanced manner. Pres. Sally went round to greeting us.

President Sally introduced service partner and speaker of the evening Dr. Chow Man Kwong.

Dr. Chow Man Kwong reported on the **Area 6 project** on “**E-learning in China**” which was led by the STEAM Education and Research Centre of Lingnan University to promote learning music and art on-line to less advantageous students of Zhaoqing, Guangdong area.

PE Wilson and **PP William** raised questions about the Project.

VP Danny won the rechargeable leg massager from **PE Wilson Woo**. Looks like they were both overjoyed with this gadget.

PP Armstrong rendered a **Vote of Thanks**.

Youth Chair **PE Wilson** put on the **Rotary masks** to promote its sales to raise fund for the imminent 2020 Interota.

Sergeant at Arms Dennis duly reported on the attendance figures and red box collection before President Sally toasted to Rotary Club of Tai Po and Rotary International.

31 May 2021

PE Wilson gave an introduction of his pair of friends, Tracy and Tony who are avid outdoor fans. They ride horses, fly private planes and went travelling abroad.

Audience were awe-struck when **Tracy Yeung** and **Tony Tse** spoke to us about “**自駕遊 Flying in Hong Kong and other Countries**”. Tracy gave us background information about how the two of them got hooked on the leisure activity of flying private plane and the learning process which covers not only technical control stuff but weather reading and psychological preparation as well. Then Tony shared a few interesting trips with us and we flew vicariously with them through the snowy mountains of Sion and the scariest airport in Tioman Island... It takes someone as enthusiastic yet as level-headed as the two of them to really enhance and truly enjoy the private plane trips.

The talk elicited a lot of **questions** from the floor. **Joan** asked about handling emergency. **William** wondered if there is anything to do in advance to prepare for taking up plane flying after retirement. **Bebe** raised what would happen if the pilots forgot about customs clearance. **Wilson** asked how the two of them get the time to fly ... Given the time constraint, we had not been able to get through everyone who had a question.

PP Peter gave a vote of thanks, showing true appreciation to the husband-and-wife speakers who shared with us a topic less heard of but by no means less exciting.

PP Dennis generously gave out 2 insect killing **UV-A Wood Lamps** for raffle draw. Lucky winners **PP Armstrong** and **Rtnn Creamy** will be bugs & mosquitoes-free!

VP Danny who arrived a little late happily volunteered to pay **red box**.

7 June 2021

PP Vikky introduced our Speaker for the evening, her fellow classmate **PP Elizabete Fong** of RC Macau who is in the field of marketing & management. Currently, she is the Vice-chairperson of HK Business Association Vietnam.

As the vice-chairperson of **"Paint Beautiful Hong Kong"** which objective is to bring beautiful feeling through art to Hong Kong, speaker **PP Elizabete Fong** led us through an array of street paintings accomplished by the team.

The rest of the Paint Beautiful Hong Kong team, Chair **PP Vikky**, **PP Nancy Leung** and Treasurer **PP Karen Chan** came not only to support PP Elizabete, they also made a grand effort in soliciting sponsorship.

PP Armstrong gave a lively **Vote of Thanks**, praising the team for the well-intended art work and the team's ongoing search of 'exposed-walls'.

Members gave donations to the Paint Beautiful Hong Kong fund inclusive of KF's 'golden cow'; while **PP Louis** generously *offered* to match members' contribution and emptied his wallet to do so. Everyone was excited to learn that the total donation amounted to \$11,500.

Well-deserved applause to the **RCTP Golf team** comprising PP Peter, PP Frankie, and PP Jacky. They netted Third place net score overall in the 4th June District Golf competition. Team leader PP Tsubaki was absent from the meeting.

PP Armstrong offered a unique **hand-knitted Flap Bag** designed by his daughter for raffle draw. **Rtnn. Creamy** specially put on lip stick to honour receipt of the special raffle prize.

**UPCOMING
EVENTS**

MAY 2021

Average attendance: **68.18%**

DATE	TIME	EVENT	VENUE
28 JUN (MON)	19:00	Regular Meeting Topic: Appreciation Dinner for President Sally	Montparnasse Room, 2/F, Regal Kowloon Hotel, Tsim Sha Tsui
