Monthly Bulletin of Rotary Club of Tai Po (Jul 2014 Issue)

## President's Message

Natalie Kwok

Two years ago when I told my husband Lawso that I was going to have another child but the gestation would take 2 years, he was rather puzzled by this seemingly bizarre idea. For those smart readers you may have already realised the new baby I referred to is the presidency of Rotary Club of Tai Po (RCTP).

Yes, taking up the presidency of RCTP is like giving birth to a baby. It gives me much joy and honour, while at the same time demands a lot of time, effort and responsibilities to look after "her". This is a particularly great challenge for me to take over the presidency from Immediate Past Present (IPP) Francis, given his glamorous achievements over the past year as evident by the many citations and awards from the District Governor to RCTP. May I take this opportunity to invite all members to give IPP Francis a round of Clapping Hands?

Now let me talk about the recent activities and future plan. My first happy assignment after the installation on the 30 June was the induction of Ada Wu, our good friend. This is particularly meaningful to me as she was my sponsor to RCTP and the civil celebrant of my wedding. This has already achieved 50% of one of my presidential goals. Besides, my jam-packed schedule in June and July included: having attended: on 20th June RC Peninsula Installation; on 28th RC Kwai Chung Annual ball; on 29th June RC Shatin Installation; on 2nd July RC HK Sunrise Installation; on 4th July District Installation; on 7th July RC NT Installation; on 11th July APRRC Opening; and on 14th July RC Tolo Harbour Installation.

As the old saying goes, "before the troops move, fodder and provisions go first" (三軍未動、糧草先行), it is important to secure sufficient funds to support the service projects for the coming year. Although the past RCTP board has left a healthy book of accounts, it is prudent not to rely on the reserve but to raise sufficient funds. In this regard may I invite you to join hands with me to express our utmost appreciation to the Ball Committee, the MCs, helpers and all those who have contributed to make our 23rd Annual Ball a big success! The net fund raised is around HK\$ 500,000, including HK\$100,000 raised by the singing performance of DG Belinda which has been dedicated for the DG service projects for 2014-15.

Let's give a round of "Clapping Hands" to all of us.

Let me share with you some of the club plan. One of the club objectives for 2014-2015 is to support the District focuses this year, namely:

1. Make Rotary Fun and Enjoyable.
2. Engage Families.
3. Enhance Rotary Public Image.
4. Grow membership.
5. Ensure effective communications and administration.
6. Develop future leaders.
7. Preserve planet earth.
8. Support the Rotary foundation.

Your views and support are crucial to the success of RCTP. I will share with you more in subsequent meetings and assemblies. Stay tuned.

## Editor Says ... ..

Claire Mak

Tai Post got the 2013-14 District Award for "Club Bulletin (English) – Gold". Congratulations!! Well done dear Editorial Board Members: Peter, Ron and Francis; and all contributors to Tai Post. This honour is definitely a boost! It is good that our efforts are being recognized. It is bad that we shall have to work even harder if we are to keep the title this year.

### (Outstanding with Distinction) Rotary Club of Tai Po

in recognition of

Club Bulletin – English (Gold Award)

Come to think of it, there are always two sides to a coin and not everything is as it seems. "Nothing is definitely good or bad." Don't you agree? I still remember Fathers' Day last year, a day which is supposedly one for celebration or at least a happy occasion; one father stormed out of a restaurant simply because none of his children had made prior reservation for dinner. He went home and hanged himself. Such a father dying like this on Fathers' Day ... what else can one say?

Often, decisions are made on the spur of a moment; but fate plays an important part to determine the outcome. I recall a story from primary school days which is still indelible to date and wish to share it with you.

A king went hunting and shot a boar. Just as he was gloating over his game, the boar did a last struggle and bit off the king's small finger. One of the king's soldiers shot the boar again to ensure the animal is laid to eternal rest; but the king's small finger could not be re-attached. As the king moaned and cried in pain the soldier tried to pacify him and said that the king should consider himself lucky to have lost just a small finger and was otherwise unscathed. Upon hearing this, the king became furious and ordered the soldier be imprisoned.

A year later, the king went hunting again and accidentally entered the realm of cannibals. The cannibal chief tied the king to a staff and intended to burn him as offering to their gods. Just as the ceremony was about to start, the cannibal chief noticed that the king had one finger less. The chief thought an imperfect offering might anger the gods and so the king was released and an aide of the king was chosen to replace him as the offering and died at the staff.

When the king returned to his palace, he remembered what the soldier had said to him a year ago and was very remorseful. He ordered that soldier to be released immediately and awarded him generously. When the king told him about the incident at the cannibal territory, the soldier expressed his gratitude for the imprisonment. He said, for otherwise, he would have joined the king in this hunting trip and the one who replaced the king and died at the staff might very likely be him.

The soldier is so full of wisdom; and it would be nice if people can actually think like he did: Something unfortunate may eventually turn out to be a blessing in disguise. Life is full of ups and downs. A moment of misfortune may drag one down temporarily. At other times, a sudden onslaught of good luck may also actually be an omen to later events. There is always the unknown 'fate' factor which determines success or failure, good or bad outcome.

Having said all that and noting that "nothing is definite", however, we need to continue to work hard on Tai Post – at least this is something within our control. The rest, I can only leave to fate. I hope that each issue of Tai Post lives up to expectation and continues to be the bulletin you look forward to reading.

## Rotary Information

Peter Lam

### Why does the Rotary year begin on 1st July?

Ever wondered why the Rotary year begins on 1st July? The international convention initially played a key role in determining the start date of our fiscal and administrative year.

The first convention of the Rotary Clubs of America was held in Rotary's birthplace, Chicago, in 1910. Rotary's first fiscal year began the day after the first convention ended, on 18 August 1910. The 1911-12 fiscal year also related to the convention, beginning with the first day of the 1911 convention on 21 August.

At its August 1912 meeting, the Board of Directors ordered an audit of the International Association of Rotary Clubs' finances. The auditors recommended that the organization end its fiscal year on 30 June to give the secretary and treasurer time to prepare a financial statement for the convention and board, and determine the proper number of club delegates to the convention.

The executive committee concurred, and at its April 1913 meeting, designated 30 June as the end of the fiscal year.

This also allowed for changes to the schedule for reporting club membership and payments. Even *The Rotarian* changed its volume numbering system to correspond to the fiscal year (beginning with vol. 5, July 1914).

Rotary continued to hold its annual conventions in July or August until 1917. Delegates to the 1916 event in Cincinnati, Ohio, USA, approved a resolution to hold future conventions in June, mainly because of the heat in cities where most of them occurred. The next one was held 17-21 June in Atlanta, Georgia.

The term "Rotary year" has been used to signify Rotary's annual administrative period since at least 1913. An article in *The Rotarian* that July noted, "The Rotary year that is rapidly drawing to a close has been signaled by several highly successful joint meetings of Clubs that are so situated as to assemble together easily and conveniently."

Since the executive committee's decision in 1913, the end of the Rotary year has remained 30 June.

## Rotary International Convention Sydney 2014

Kenneth Wong

The Rotary International Convention is one of the most important events in Rotary calendar during which Rotarians from all over the world would meet to celebrate and to learn about the latest works of Rotary. It is also an occasion to connect and reunite with our dear friends in Rotary.

Sydney sightseeing-- Blue Mountain

Sydney Opera House

The Rotary International Convention 2014 was held in beautiful Sydney, Australia, 1-4th June. Sydney is a city which I am familiar with and is my home away from home. The convention provides an opportunity for the attendees to get to know the city and the many pleasurable experiences it has to offer.

For the benefit of those who have not attended any RIC previous, let me share with you the key features of RIC.

### 1) Convention program

Not counting the pre-convention programs the like of Rotaract and Rotary Youth Exchange, a typical RIC spans over 4 days. **The first day of Convention** features the opening plenary in the afternoon where reigning RI President welcomes Rotarians and delivers his key messages as his tenure comes to an end. There are also key note addresses by the head of state of the host country and other inspirational speakers. This year, the prime minister of Australia, Mr. Tony Abbott spoke on the relevancy of Rotary in Australia and have pledged on behalf of his government the contribution of a sum of US dollars One hundred millions towards Rotary End- polio campaign.

**The second day** devotes entirely to the Rotary Foundation (TRF) with plenary and breakout sessions reporting the significant projects done by Rotarians around the globes which are funded by TRF. There are speeches by individuals whose lives were changed by the works of TRF. The financial account and budget of TRF would be released for questioning by Rotarians.

**The third day's** plenary and breakout sessions are designed to reinvigorate Rotary clubs with lots of sharing and learning of success stories in Rotary services and membership development.

**The fourth and final day of** RIC is designated to "looking to the future" where the incoming RI President will present his vision on Rotary and how he would lead Rotary with the changes and his year theme which would take place in the coming Rotary year.

CONTINUE

At the closing plenary, members of our sister Club RC Taipei were recognized on stage as being members of the Rotary club of Rotary International President 2014-15 Gary Huang who is the past governor of HK, Macau and Taiwan in 1985 when we were of one Rotary district D345.

## 2) House of Friendship

House of friendship is an exhibition of booths from Rotary clubs across the globe, showcasing the ongoing significant humanitarian projects being carried out by Rotarians across the globe. If you have a few minutes to spare, Rotarians manning these booths would explain to you the success stories of their service projects in a most comprehensive and passionate way. Many international humanitarian service providers and specialist organizations such as water, medical health and poverty alleviation were represented at the HOF too.

The idea of HOF is to inspire and facilitate Rotarians on how they could impact the world through Rotary service and how we could offer support to these projects as individuals or by means of Rotary Global Grants. It also reminds Rotarians on how we could contribute to building a better world together.

*The ONE booth*

*Skyjuice foundation booth*

*Joining RI President Ron Burton at the 3K walk fund raising for End polio*

Sydney Rotary Convention saw registration of around 19,000 Rotarians from 200 countries. Some 1800 Rotarians from the seven districts in Taiwan attended the Sydney Convention.

DG Eugene led a strong delegation of 110 Rotarians and spouses from D3450 to the Sydney Convention. Following the tradition of D3450, DG Eugene graciously sponsored a DG banquet at a popular seafood restaurant in the Sydney China Town. D3450 delegation includes 12 presidents from the class of 2012-13; they spent a lovely week of Rotary experiences and fine fellowship in Sydney.

It is worth noting that at the last district resolution committee meeting, it has been resolved that D3450 will participate at the bidding of Rotary Convention 2019, a district committee headed by PDG YK Cheng has been tasked to prepare a bidding proposal for Rotary Convention HK 2019. The proposal will be submitted to the Rotary International before the 1st August. The result on bidding of Rotary Convention would be known in early 2015.

## 22.06.2014 - Post Ball Lunch with RC Taipei and RC Taipei Diamond

After the fun but exhausting Annual Ball on 21st June, those few RCTP members who remained sober the next day extended hospitality to our sister club Rotary Club of Taipei and friendly club Rotary Club of Taipei Diamond at a 'post-ball' lunch on 22 June 2014 where ... red wine and whisky continued to flow.

## 30th June 2014 RCTP Change-over

Claire Mak

As we reached the end of the **Francis'** era and welcomed on board **Natalie** and her team, the RCTP Changeover took place on 30th June at our usual meeting venue Royal Garden Hotel. It was well attended by a lot of friends in addition to spouses and also our Rotaractors and was celebrated in style with an abundance of alcohol and laughter.

Before stepping down, Francis announced the 16 Awards RCTP had amassed and expressed his gratitude to members and everyone who joined him in making the 2013-14 year a successful and enjoyable one. He took the opportunity to thank each and every member with a thoughtful gift of a set of leather key holder and coin bag each embossed with individual names.

Then, witnessed by the outgoing and incoming Governors Eugene and Belinda, Natalie was installed as our new president.

In turn, the first duty she performed was to install IPP Francis and re-induct Ada Wu into our club. Celebration continued and the evening whiled away amidst laughter and lots and lots to drink.

## RCTP 2014-15

Natalie Kwok

My club plan is based on **one theme** and **one strategy**.

The **theme** for our club in 2014-15 will be “**Sustainability**”.

For this we have to observe:

- Financial sustainability of the club – e.g. we have already secured sufficient funds for the service projects. We will ensure that regular expenses will not exceed monthly contributions from members.
- Human resource sustainability of the club – we will ensure net gain of at least 2 members this year, and identify and grow future leaders of the club.

- Sustainability of the environment – we will support the District focus of “Preserving planet earth” and some meaningful service projects echoing this concept. In fact our club has already adopted a “green meal” arrangement by reducing food waste at our regular meetings.

The one **strategy** to implement the above theme is “Walk By Two Legs” (兩條腿走路). The first leg is “Fellowship” and the second leg is “Service Projects”. For Fellowship, we will re-vitalise the 4 teams arrangement to organise 4 Theme Nights. The 1st Theme Night will be on 1 Sep to celebrate the mid-autumn festival. CP’s Birthday Party and Christmas Party will be organised by the Club Admin team. I shall take care of the menu and wine of our regular meetings. Besides, we will encourage and receive more club visits like what we did with the delegation from RC Makati San Lorenzo D3830 Philippines.

For Service Projects, our Service Committee will organise a series of service activities of various nature. Members and their family and friends are encouraged to attend for the betterment of the society.

I will discuss in detail how to implement the above club plan and your views and support are crucial for the success of RCTP.

## Visit to the Solitary Elderly

Claire Mak

Community service of RCTP for Rotary Year 13-14 ended with a Visit to the Solitary Elderly in Sham Shui Po district on 28th June (Sat). The event was organized by Caritas Elderly Service Centre and attended by RCTP members including President Francis and his whole family, PDG Kenneth, PPs Peter, Jacky, Claire and Frankie, VP William and Bebe and also Wanda and Chloe. Around 8 *Step Up Infinity* girls also came along.

*Pre-visit briefing*

After a short briefing by the social worker on the purpose of the visit and matters to watch out, we broke up into small groups comprising a Centre volunteer, one Rotarian and one *Step Up Infinity* girl. Each group visited 2 elderly at their home, mostly in the nearby Lee Cheng Uk Tsuen and Un Chau Estate.

A Centre volunteer led me and Hay Yin (from *Step Up Infinity*) to Peace House, Lee Cheng Uk Tsuen and we visited respectively Madam Ho (66 years old) on the 11th floor and Mr. Ho (90 years old) on the 13th floor.

*On the way proceeding to individual homes.*

Madam Ho was grateful to our visit and imparted to us quite some personal worries. She is not really “solitary” but her son and his family are in Shenzhen; so she travels often to and stays in Shenzhen to look after the grandkid. Even though she looks healthy, she complains about high blood pressure and easy dizziness which make her worry about the constant trips she has to make to Shenzhen.

*Warm chat during the home visits*

Old Mr. Ho told us he is weak in the legs but is otherwise in good health. With the assistance of wheelchair, he goes out daily to buy food and cooks for himself – saying jokingly the food delivered to him was mediocre. He also enjoys going to the nearby park to chat with other old people there. His family are all in the mainland and he does not maintain much contact with them.

*Not affluent but also not lonely.*

In general, the old people are grateful and welcomed us at the visit. They are in comparative good health and are easy to talk to. They were both aware of the facilities available at the Caritas Center and have the peace alarm bell installed. I think the fact that we visited them and the small presents of noodles and biscuits already boosted their spirits.

Members went back to the Caritas Centre and did a debriefing. Everyone finds the visit constructive. Thus wraps up the 2013-14 community service of RCTP.

*Group photo after debriefing.*

Monthly Bulletin of Rotary Club of Tai Po (Jul 2014 Issue)

## Asia Pacific Regional Rotaract Conference 2014 "Touch Hong Kong, Touch Your Heart"

10-13 July 2014

Claire Mak

The Asia Pacific Regional Rotaract Conference (APRRC) was initiated in 2004 in Hong Kong by PDG Alexander Mak. Since then it is one of the largest Rotaract events, organized every year and engages Rotaractors from the Asia Pacific region. A decade has since passed and our Rotaractors have brought this Conference back to Hong Kong. The Organizing Committee has chosen Red-White-Blue as the theme colour to represent HK's tenacity and diligence.

**Day 1** - Upon the delegates arrival on 10 July and settled down at L'Hotel Nina in Tsuen Wan, the Conference kicked started with the Welcoming Banquet as a warming up event. Participants dressed in casual wear with cultural accessories and enjoyed an evening with ice-breaking games, magic performances, sumptuous dinner, singing performances by our District Rotaractors, A cappella Performance ... etc.

**Day 2** - started with the Opening Ceremony at the Tsuen Wan Town Hall where participants from all over Asia Pacific were cheerfully recognized country by country.

After a thundering neon-light lion dance, it was speeches from dignitaries followed by an inspiring address by Keynote Speaker Mr. Francis Ngai, founder of Social Ventures HK, when we heard how he, along conquering the Gobi desert and the North Pole, also started Green Monday, RunOurCity ...etc. RCTP Rotarians met with our Rotaractors from RAC Tai Po and Wu Yee Sun College and were told what they were up to the night before and plans for the following days.

CONTINUE

Monthly Bulletin of Rotary Club of Tai Po (Jul 2014 Issue)

Country reports were delivered during lunch and we got to know a bit about different cultures and developments from the participants and even got to learn a few greetings. Then delegates broke off for different workshops for discussions, sharing and even learned calligraphy, kung fu or paper cutting!

The evening was a fun-filled Cultural Night where delegates dressed in country costume and joined dances and other performances. The Mongolian Rotaractors got a clean sweep and amazed everyone with their brilliant street dance as well as being chosen Mr. and Miss APRRC!

**Day 3** - is for tours and service projects. 13 groups engaged in 11 different itineraries: Ecotour, Heritage, cultural, sightseeing and service.

**Day 4** - is the farewell day. The Closing Ceremony started with kung fu performance. The Organizers were thanked, the delegates bid farewell and the host club for APRRC 2016 was announced – Kyoto! But for the next APRRC, it is Onto Indonesia.

## ROTARY DISTRICT 3450 DISTRICT INSTALLATION 2014-2015

Claire Mak

The weather on 4th July was very hot. I almost melted walking on the street with the club jacket on. However, the atmosphere within the Grand Ballroom of Regal Airport Hotel was even *hotter* - as clubs from the whole District 3450 braced themselves for the District and Club changeover ceremonies, the major Awards presentation and, the indispensable fun and fellowship.

For RCTP, we of course celebrated the occasion in our usual loud and rowdy manner. But adding the Cinderella capping to an already brilliant 2013-14 year was the fact that we got 2 very Major Awards: PDG **Kenneth Wong** for **The Innovation Achiever Award** of the Year to recognize efforts for launching an Organ Donation website in China; and IPP **Francis Au** for being **Rotarian of the Year**! They truly deserve these very prestigious recognition and RCTP was proud of their achievements!

## Regular Meeting

14 July 2014

Past President Pearl introduced her acquaintance with our friends from the Philippines.

President Erwyn Alcomendras brought to us interesting facts about his club, Rotary club of Makati San Lorenzo, D3830 Philippines.

Past President Man thanked Pres. Erwyn Alcomendras for giving us the talk; but had ventured out from the parameter of a vote of thanks and was eventually made to give red box.

Members welcomed and mingled well with the visiting Rotarians from Rotary Club of Makati San Lorenzo, D3830 Philippines.

VP Jimmy and his classmate (presidents in 2016-17) our VP William.

PP Ivan of Makati San Lorenzo won the raffle gift of a unique horse ornament given out by PP Man.

Everyone together, cheers!
