

William Yim

Finally, the time has come.

To be honest, it is not easy to take the responsibilities of Club President. Being a businessman, time is so essential and it is real hard to squeeze my schedule; and the worst thing is you have to squeeze it even tighter! I know I'm going to deal with tons of district and club matters. It's tough, but I know it's the right thing to do.

Before my presidency starts, all RCTP members and I were all delighted in the 25th Silver Jubilee Charity Ball on 11 June 2016. The Ball Committee made an effort to plan and organize this important event, and it was so successful: over 500 guests attended and witnessed the historical moment of our club. I can assure it is one of the unforgettable Rotary moments in the history of District 3450.

On 4 July 2016, my cabinet and I proudly took the responsibilities to lead our club, witnessed by DG Peter, Incoming DG Eric, District Officers, Club Members and spouses, classmates and friends in Club Installation. I felt something special when the sash was being put on my shoulder by IPP Vikky. It was such memorable moment in my Rotary life.

In Rotary Year 2016-17, I am going to do something new: projects will be organized on the theme of "Six Areas of Focus"; local/overseas tours and visits to friendly clubs/institutions will be more frequently arranged; Rotary ABC (Rotary basic knowledge), RI Information, and Rotary Moments will be shared in regular meetings.

As usual, our community service projects will focus on the youth and elderly. Existing projects will continue and serve people in need. We will keep on cooperating with local NGOs so as to extend our projects and serve more people than in the previous year.

Rotary International President 2016-17 John Germ said: "Together, we have provided extraordinary service to our world; tomorrow, our world will depend on us to do even more." I will do even more for the District and my Club during my presidency. Of course, I can't handle it alone. My dearest Board Members, Committee Chairs and I will try our utmost to bring it forward. Don't worry. It will just be another joyful and meaningful Rotary Year.

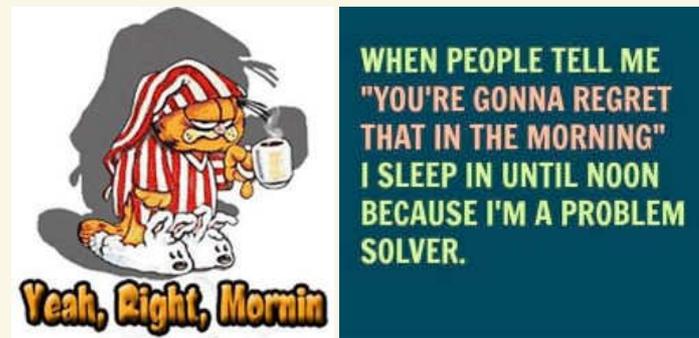

To our dearest CP Donald, IPP Vikky, PPs and fellow Rotarians, thank you for your support.

Claire Mak
Editor Says

A research published not too long ago by a University in the States has found that on average, 4:34 pm of each day is the time when a person's mood is at its lowest point and the person is most vulnerable. Australian psychologists have also said that Wednesday is the day people detest most.

Actually, we don't really need researches to tell us these. Half past four in the afternoon is nearing dusk. Even though it can be blissful and lovely when the sun goes down and turns dark, moods tend similarly to turn dark and swing towards the depressive. As for "Wednesday blues", it is really stating the obvious. On a Wednesday which is barely half of the week, most people have already laboured through Monday and Tuesday with the thought that there are still another 3 working days ahead before one can have some breathing space in the weekend! Such a discouraging thought does not really require a psychologist to vouch for. Well, look at its contrast: Friday - TGIF!

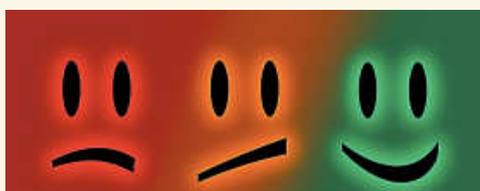

I think each person has a mood thermometer every day. The readings change with the onset of morning, afternoon and night. The differences are just a matter of degree. I recall a friend says he detests getting up each morning. And understandingly so. When you get up in the morning, you may still be straddling between your dream and the real world. The image on the bathroom mirror that greets you is one with ruffled hair and puffy eyes. Sometimes you can't even look properly as your eyes are still half-shut... How energetic can one be at this moment?

Another friend has once told me he dreads Sunday evening because Monday looms close and he feels like about to be imprisoned. He cannot contain his depressive mood and will become sulky for the rest of the Sunday evening.

I tend to think such feeling arises out of an innate pressure on oneself. The pressure may come from workload or self-demand. It is not really something which can be cured. Oh, maybe go on a holiday? I think the symptoms may fade away.

Now that the Rotary Year comes to a new start ... somehow, despite all the celebrations and parties, I have a slight feeling of apprehension. Why do I feel my mood swinging like a pendulum? The parties are fun, the gatherings joyful. Immediate Past President Vikky and Past Assistant Governor Frankie have brought the club to attain new heights; and the past year has been very enjoyable and fruitful. Now we come to a new Rotary year with William taking over at the helm, have we started on the right footing? Is our club going to be the same one and only club in the District which has achieved the RI Significant Achievement Award as in the past year? William repeatedly says we shall be a Go Easy club - have we been a difficult club in the past, I wonder? We are a club known to and did work hard and also played hard. Is that going to change with the new leadership ... Well, at least I spotted one difference. William certainly has to brush up on his singing if he hopes to go anywhere near what Vikky has done to mesmerize her club members and fellow Rotarians. Work hard William. Don't go too easy as we are looking to you for some leadership on "Rotary Serving Humanity".

Peter Lam

We often promote to potential members that once you join Rotary, there are many opportunities for fellowship and service. They are not limited to one's own club as there are joint club activities as well as activities at the district level. In fact, there is also a much broader international platform where we can get involved - the Global Networking Groups.

Rotary Information

Rotary Global Networking Groups

The interests and hobbies of Rotarians are as diverse as the membership itself. Global Networking Groups offer a way for Rotarians to share their common interests with other members worldwide. Two types of groups fall under this umbrella: *Rotary Fellowships*, which center around recreational or vocational interests, and *Rotarian Action Groups*, which focus on specific issues.

Rotary Fellowships represent an abundance of recreational and vocational pursuits, including tennis, golf, music, and even antique automobile among the recreational activities and professional interests such as accounting, law enforcement, and pharmacology. Their activities are as varied as their interest. For example, the International Fellowship of Rotarian Convention Goers promotes the annual RI Convention and assists at the orientation session for first-time convention goers, while the International Fellowship of Flying Rotarians organizes "fly-ins" for members to meet in various parts of the world. In our District 3450, the International Yachting Fellowship of Rotarians (IYFR) as well as the Rotarians Wine Appreciation Fellowship are two popular groups which some of our members are more familiar and might have participated in some activities. Our golf lovers will be interested to know that there is an International Golfing Fellowship of Rotarians (IGFR) 53rd World Championship to be held in Rotterdam 10-16 July, 2016. The IGFR maintains connections with 13 different chapters all over the world so maybe our golfers should explore?!

Wine Appreciation Fellowship

Flying Rotarians Fellowship

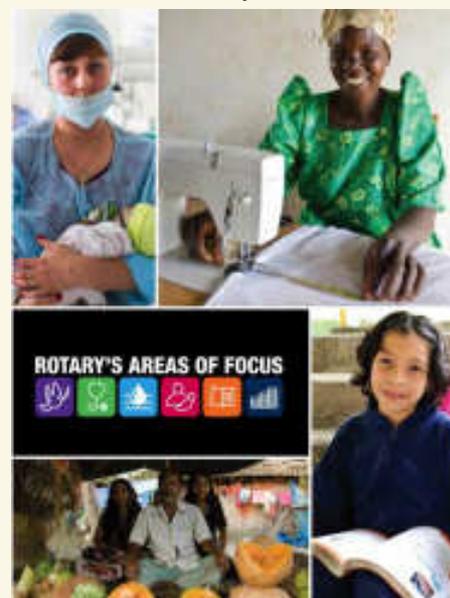

Fellowships of Railroading Rotarians

While Rotary Fellowships focus on hobby and having fun, there is a more serious volunteer service group which is the *Rotarian Action Groups* that typically carry out service projects and activities concerned with a specific issue. For example, the Rotarian Action Group of Dental Volunteers provides dental services to developing countries, and the Rotarians Fighting AIDS Rotarian Action Group aims to mobilize Rotarians and provide global leadership in the fight against HIV/AIDS. The groups are organized by Rotarians and Rotaractors who are proficient, and have a passion for service, in a particular field. Each group functions independently of Rotary International, establishing its own rules, dues requirements, and administrative structure. Membership is open to Rotarians, their family members as well as participants and alumni of all Rotary and Foundation programs

EXAMPLES OF ROTARIAN ACTION GROUPS IN ACTION:

- The Rotarian Action Group for Population & Development works with Rotary clubs in Germany, Austria, and Nigeria to reduce mortality rates among mothers and newborns at hospitals in rural Nigeria.
- Rotarians for Family Health & AIDS Prevention sponsors an annual event to provide preventive health care services, including HIV testing and counseling, to thousands of people in hundreds of sites across Africa.
- The Rotarian Action Group for Microfinance and Community Development connects Rotary clubs and districts with microfinance institutions to help poor people establish income-generating activities.

It is interesting to note that Rotarians can form a new Fellowship and Action Group by contacting RI. For more information, please check out: www.rotary.org/actiongroups and www.rotary.org/fellowships.

Rotary Foundation Centennial Information Page PP Peter Lam

This Rotary year is our Rotary Foundation Centennial celebration year. Let's take a look at some recent Rotary International Foundation news and information.

Foundation's achievements and future spotlighted at Korea convention

In his address to RI convention attendees on Tuesday, 31 May, Trustee Chair Ray Klingensmith proclaimed that The Rotary Foundation has never been stronger than it is today. Bolstered by generous contributions from members and robust programs like PolioPlus and the Rotary Peace Centers, the Foundation's good work is drawing public notice, Klingensmith said: CNBC, a leading consumer and business news outlet in the U.S., ranked Rotary No. 5 among the top 10 charities changing the world in 2015.

"Isn't it clear that our Foundation is truly better than ever before?" said Klingensmith, who reported more than \$269 million in contributions last year.

To commemorate the Foundation's 100th anniversary, Klingensmith asked members to aim for \$300 million in contributions in 2016-17. "It is a stretch goal, but we can do it," he said.

David Forward, author of "Doing Good in the World: The Inspiring Story of The Rotary Foundation's First 100 Years," joined District 6840 Governor-elect Randall Feldman and Stephanie Urchick on stage to talk about the coming year's centennial celebration.

Urchick, chair of The Rotary Foundation Centennial Celebration Committee, described the centennial's four broad goals:

- Educate members and the public about Rotary and its Foundation.
- Recognize major achievements and accomplishments.
- Organize celebrations in our communities and at Rotary events.
- Inspire further support.

"It's that once-in-a-lifetime concept that makes the centennial celebration so exciting," she said.

It's time to CELEBRATE 100 years of Doing Good in the World

In 2016-17, our Rotary Foundation turns 100. That's a century of Rotary members changing lives and improving communities all over the world. And that's definitely something worth celebrating.

Through our Foundation, Rotary members have supported thousands of projects to provide clean water, fight disease, promote peace, provide basic education, and grow local economies. We've also been a leader in the fight to eradicate polio worldwide.

The centennial is the perfect time to share this impressive record with the world. Join us in making sure that every Rotary member and people in every community know about the vital work of Rotary and its Foundation.

Ways to celebrate

Here are just a few ways we can join in and commemorate this historic milestone:

- Plan a special Rotary Day and invite everyone in your community to participate. It can be anything from a concert to a race to a birthday party with a giant cake in the shape of the Rotary wheel.
- Hold a fundraiser in your community to support a Foundation grant project, the Rotary Peace Centers, or PolioPlus.
- Organize or participate in a global grant or district grant project.
- Promote your club or district projects that are funded by the Foundation.
- Dedicate some club meetings to Rotary Foundation topics.
- Challenge members to increase your club's contributions to the Foundation

Pre Ball Events with Sister Club Members (10th June 2016)

Pearl Dang

What a memorable Silver Jubilee Anniversary of RC Tai Po this year! We had 2 sister clubs far away from Taiwan & the Philippines joining our Anniversary Ball in this specific year! We have also formulated a sister clubs reception program to celebrate our Anniversary from this year onward! Excellent!

All arrangements for this reception were compact and matched with our Ball. These included liaison with our 2 sister clubs from time to time since last April. We also planned and arranged meals & venues, transportation, accommodation and a 1-day tour for them. The most important task was to initiate our own members to attend and support all the programs so planned within those few days! It was really exciting!

Although we were tied up with the Ball preparation, many of our members still squeezed their valuable time to look for special souvenirs for our visiting guests of our 2 sister clubs! Some of the souvenirs were engraved with the names of our friends and nicely packed for each individual. This was to show our gratitude for their warm hospitalities while we were in Manila last time. What a wonderful and touching scene that I have experienced! What a wonderful and successful International friendship we have made!

On the first day of our reception program, 10JUN16, Friday, four RCTP ambassadors led the way. They were PDG Kenneth, PP Peter, VP Patrick and I. We formed an airport pick-up team that morning to pick up the big group of 26 members from RC Makati San Lorenzo (RCMSL). PP Peter was also very nice to pick up members from RC Taipei in the afternoon for attending the Annual Ball of our baby RC Central held that evening.

On the first day, we had a wonderful and yummy Shanghai lunch at Wu Kong Shanghai restaurant and a nice buffet dinner arranged by VP Patrick at KCC to welcome our RCMSL friends. Thank you again for our members' support as we had a whole lot of participants from our club joined and greeted them!

Joyous Fellowship with Over 500 Guests

Post Ball Events with Sister Club Members on 12 & 13 June 2016

Pearl Dang

On the day after our Ball, RC Taipei President Tomas couple and 11 members and friends of RCT Diamond confirmed to join the whole day program together with PP Koji and RCMSL. I had the chance to present my souvenirs to every members of RCT & RCTD on the coach to show my sincere welcome! Also, they got nice pastries pack from Ball Chair William during seafood dinner at Lei Yue Mun. Besides, all other participants in the dinner party received a pastry pack from William too! P Carmen and 2 members from our baby club, RC Central also joined dinner at Lei Yue Mun to meet members of their sister club RCT Diamond.

All guests from Taiwan, except P Tomas couple, left Hong Kong on that evening. They were picked up by PP Peter & PP Jacky to the airport! They enjoyed sightseeing and shopping with us in Stanley Market very much! As an experience learnt from the trial this year, hope we can have more RCT members joining our reception program next year!

We have arranged a farewell program for our sister clubs on the last day. It was P Charlotte's mother birthday and she flew back to Manila in the early morning. P Vikky was so nice to pick her up to Kowloon Station for check-in and breakfast. We had also arranged a farewell lunch and dinner for P Tomas couple, RCMSL remaining group before they caught their flight back home.

The 4-day program came to an end! Both of our sister clubs expressed their deep appreciation and enjoyed very much on our reception through Facebook and words. Members of RCMSL also praised our Ball was so amazing and were impressed that we had so many guests joining our Silver Jubilee!

To show our warm hospitalities, to deliver peace with good fellowship and to strengthen our team spirit for working out reception programs, I sincerely look forward to joining hands with you all to greet our sister clubs in future!

2016 Rotary International Convention – Seoul, Korea

Wilson Lam

On May 28th (Sat) we departed from HK and arrived at Incheon Airport after lunch. Surprisingly there was no greeting from local Rotarian and we only saw a small banner as welcome sign. We rushed to the KINTEX Convention Center after checking in hotel.

Arrival at Incheon Airport

Registration Hall

The national martial art, Taekwondo, was performed by over 100 young people and showed vibrant energy, teamwork and spirit of Korean. This was followed by RI President K R Ravindran who pulled loose the ribbon on a big box from which 2 kids jumped out to symbolize the opening of the 107th Rotary International Convention in Korea. Flag Ceremony came right after. Our District 3450 was represented by the 5 Stars China flag.

Taekwondo Performance

Taekwondo Performance

RI P. K R Ravindran declared the Convention open

The venue, KINTEX Convention Center, is about 1 hour ride from downtown Seoul. Our first pre-convention program to attend the Welcome Festival which was held at Jamsil Arena, Olympic venue. The night started with an ancient Korean story followed by the Taekwondo martial art performed by a group of young people, cultural dance, ancient drum performance and K-pop groups singing performance. From the different performances, we understand that the ancient Korean culture is closely linked with China. From the screaming noise of the local Rotarians and Rotaractors, we felt the popularity of these K-pop groups.

Drum Performance

Ban Ki-Moon
UN Secretary General

Hon. Ranil Wickremesinghe
Prime Minister of Sri Lanka

Opening remarks – The Role of Service Organizations in Both Developing and Developed Countries.

The UN Secretary-General, Mr. Ban Ki-Moon, addressed the Convention and mentioned the formation of UN was actually linked to the RI Convention in San Francisco in 1945. A seat is given to a representative from Rotary since the beginning.

May 29 (Sun)

All international Rotarians were assigned to attend the first seating of the Opening Ceremony at 10:15.

There were over 25,000 attendees in the grand hall. The opening started with "Connect with Korea" performance.

The Prime Minister of Sri Lanka, Hon. Ranil Wickremesinghe, then talked about the good work of Rotary had done to their country. Rotary planned to organize the Polio National Immunization Day in Sri Lanka in the late 70s but there was civil war in their country and guerrilla were all over in the countryside. It was the local Rotarians who took the chance to open the dialog and convinced the guerrilla to cease fire for the NID. This not only made the country Polio free but also helped the unification of the country after. It is the power of service organization, Rotary, which helped developing countries like Sri Lanka. He expressed deep thanks to Rotary and urged Rotarians to keep up the good works in developing countries.

RI President and Family

Barry Rassin, Aide to the RI President Introduction of RI President Family

Past RI Director Barry Rassin, Aide to the RI President, did the introduction of RI President and his family. We all know Barry Rassin as he was in HK as the RI President's Personal Representative addressing our District Conference in May. The Opening Ceremony ended with RI President KR Ravindran's Welcome Address.

May 30 (Mon)

The day 2 session started by introduction of RI Board of Directors. Then 5 speakers delivered speeches:

- 1) Mahatria Ra, Spiritualist. Topic - Be a Gift to the World.
- 2) Gary Knell, President and CEO of National Geographic Society. Topic - Our Shared Responsibility to Explore and Protect Our Planet.
- 3) Professor Sarah Parcak, National Geographic Fellow, 2016 TED Prize winner. Topic - Exploring the Past From Space: The Future of Archaeology.
- 4) Gary Haugen, President and CEO of International Justice Mission. Topic - Until All Are Free: How to End Slavery in Our Lifetime.
- 5) Dananjaya Hettiarachchi, 2016 Toastmasters International World Champion of Public Speaking Topic - Featured Speaker on Leadership

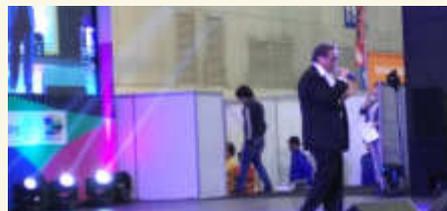

May 31 (Tues)

The General Session 3, Milestones, started with an introduction of The Rotary Foundation Trustees. It was followed by presentation of different key area of foundation projects in Humanity, End of Orphanages, Polio Eradication and The 100 Years of Doing Good.

There were many breakout sessions in each afternoon on various topics of service projects and training as well.

House of Friendship is the place no one would miss when attending the Convention. Information of service projects,

souvenirs, meeting Rotarians from all over the world, trying international food, different interest groups, cultural exchange and etc.... The local Lotte Department Store also did an outlet sales in the HOF venue and offered attractive discounts for Rotarians. PDG David Harilela also represented our District in a singing contest. It was really great fun.

District Installation

9th July 2016 • Hong Kong Convention & Exhibition Centre

Claire Mak

The July District Changeover is a time to reflect on the Rotary year just past and to get ready for the coming year. As in the recent past years, Rotarians assembled to celebrate and hear the Outgoing Governor on his reflection and achievement of the past Rotary year and for the installation of the Incoming Governor. IPDG Peter Pang duly recapped the memorable moments of the **Be a Gift to the World** year and DG Eric Chin previewed his year of **Rotary Serving Humanity**.

Meanwhile, each participating club had their own celebrations as the president sash was passed from immediate past president to the incumbent president. For RCTP, IPP Vikky handed over not only the president sash over to Pres. William but also all the responsibilities that go with it.

What delights our club most is that Immediate Past Assistant Governor Frankie was duly recognized by IPDG Peter Pang as Rotarian of the Year. As Frankie could not attend the event, the rest of us from RCTP went up to the stage and received the honour on his behalf.

Of course, this important evening did not go without good entertainment. The Hong Kong Police Band performed their pieces and exhibited some traditional Scottish dance. The highlight of the evening is definitely the spectacular performance by the Music for the Young Foundation conducted by Mr. Gordon Siu and their joint performance with the HK Police Band. The evening ended on the entertaining note of the mesmerizing music.

Sunshine Milestone

Tsang Pui Yan, Lau Tsz Lee
International Service Directors, RAC Wu Yee Sun College 2015-16

After preparing for half year, five committee members together with ten participants finally went to Bali for a service trip from 1st June to 8th June. We engaged in different services including orphanage visit, mangrove plantation and garbage collection on beach. Although we just spent eight days in Bali, the experience really initiates our reflection on lives and services projects.

Firstly, this service trip not only brings benefits to the children in orphanage, but also to the participants and us. To begin with, this trip initiates our reflection on whether we can offer practical help for Bali's children or not. We just stayed in the orphanage for three days. After that, we will not be engaged in their lives anymore. Did we really help them or did we just do something to satisfy our desire for doing services? During the debriefing session after the orphanage visit, one of the participants reminded us that we should not underestimate the effort we paid: a little act of caring can sometimes make a big difference.

Moreover, the culture of Hong Kong and Bali are different and gives us new perspectives in the modes of services. Hong Kong is a fast paced city where people are constantly on the go and life can get a bit hectic. People focus on effectiveness and efficiency. While being efficient is something that should be commended in Hong Kong, we found that there are something more important than this from the Balinese people. Under the influence of Hong Kong culture, when we were preparing for the activities, we tried to provide purposes to the games such as how to work out healthy lifestyles in order to make them meaningful. We spent a lot of time in planning the rundown in order to hold the games in a systematic way. However, there were many variables and unexpected situation in reality, we could not stick to the schedule and sometimes it got into a mess. On behalf of the committee, we felt disappointed as we were responsible. This time, the participants reminded us again. The aim of the activities was to bring happiness to the children. And happiness actually is simple, especially for the Bali children. I still remember the time we played balls with them, we just ran around in the hall and climbed over the tables in order to get the ball. Reviewing the photos we took with the children helps us recall the memories in the orphanage. We all enjoyed playing with each other. The smiles of the children are sweet and pure which totally melt our hearts. They also remind us that happiness is actually simple which depends on the people you spent time with or just simply your attitudes on how to see the world.

Secondly, this trip raises our environmental awareness. We participated in mangrove plantation and garbage collection. In the site for mangrove plantation, we learnt the importance of mangrove in Bali and we are impressed by the diversity of products that can be made by mangrove such as snacks, soap and drinks. People may think that environmental conservation wastes resources. However, mangrove plantation in Bali shows us that environmental conservation can be developed in a self-sustainable way earning income on the one hand and spending money in conservation on the other.

We also went to the beach for garbage collection. We found dead fish and chickens lying on the beach. Some of them were wrapped in plastic bags. There are lots of plastic bags, slippers, glass bottles on the beach. To humans, these are items of comfort, if not necessity. But to marine animals, they can be a floating minefield. This experience makes us reflect on how cruel and selfish humans are nowadays. We should always bear in mind that we have the responsibilities to protect the environment and respect all creatures.

To conclude, we dare not say that this trip was a very successful one, however, at least we stepped out and tried to explore the other side of the world. The experience in Bali gives us insight and inspiration on future services projects. In addition, we want to express our deepest gratitude to the Rotary Club of Bali Area of District 3420 together with the five Rotaract Clubs in Bali including Rotaract Club of Denpasar, Rotaract Club of Canggu, Rotaract Club of Bali Nusa Dua, Rotaract Club of Bali Taman and Rotaract Club of Bali Ubud. Without their care and support, it is impossible for us to organize the trip. Throughout the trip, all of them are nice and talkative. We made friends and learnt the Bali culture from them. We are still keeping contact with them and we hope that we can cooperate again in the future. This trip is a wonderful experience for us and we find that we are really risen by lifting others.

R

egular meetings

20th June 2016 – Club Assembly

Vikky and Frankie proudly displayed the laurels of Rotary Year 2015-16.

A shy Meipo receiving a warm hug from Vikky for the year of hard work.

Peter did the lucky draw and Kenneth emerged as the winner of the special tea set, a gift from Sister Club RC Taipei.

Vikky toasted the end of the final meeting.

Emotions swelled as Vikky was congratulated for a year well done!

As the newest club member, Wilson Woo rendered his opinion as members discussed possible new meeting arrangements.

11th July 2016

Former PP and Speaker Dr. John Wong gave his projection of the Financial Market by reference to the "Emperor's Insight" (帝王之學之下半年金融經濟)

William gave Red Box donations 3 times: as a first donor at the first regular meeting of the year; for making too many mistakes; and as the last donor of the meeting.

Sally and Wilson receiving the officer pin from President William.

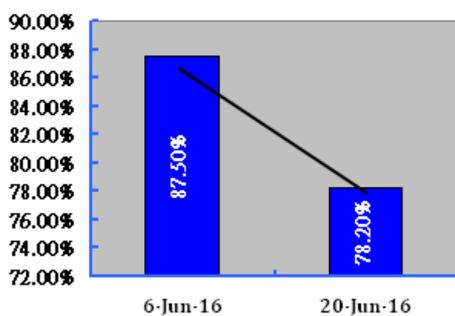

First lucky draw prize of a bottle of XO donated by Louis was won by lucky President William.

Another raffle prize, a mosquito repellent given by Dennis was won by IPP Vikky.
